Miyares, Attorney General; State of Washington; State of West Virginia ex rel. Patrick Morrisey, Attorney General; State of 4 5 Wisconsin; and State of Wyoming ("Plaintiffs"), file this Complaint on behalf of their respective jurisdictions against Michael D. Lansky, L.L.C., dba Avid Telecom, Michael 6 D. Lansky, individually and as Chief Executive Officer, and Stacey Reeves, 7 8 individually and as Vice President of Operations and Sales, (collectively "Avid 9 Defendants"). This action is filed pursuant to the Telemarketing and Consumer Fraud and 10 Abuse Prevention Act ("Telemarketing Act"), 15 U.S.C. § 6101 et seq.; the Telemarketing Sales Rule ("TSR"), 16 C.F.R. § 310 et seq.; the Telephone Consumer Protection Act 11 12 ("TCPA"), 47 U.S.C. § 227 et seq.; and certain state laws that protect consumers against 13 unfair and deceptive trade practices, including unfair, deceptive, abusive and illegal 14 telemarketing practices. Plaintiffs seek temporary and permanent injunctive relief, the 15 imposition of civil penalties, restitution, statutory damages, an award of attorneys' fees and 16 costs, and other legal, statutory, or equitable relief this Honorable Court deems proper, and 17 allege the following: 18

JURISDICTION AND VENUE

1. This Court has subject matter jurisdiction over this action pursuant to 28
U.S.C. §§ 1331, 1337(a), 1355; the Telemarketing Act, 15 U.S.C. § 6103(a); and the
TCPA, 47 U.S.C. §§ 227(e)(6) and (g)(2). The Telemarketing Act is the enabling statute
for the TSR.

This Court has pendent jurisdiction over the state law claims pursuant to 28

24

19

25 U.S.C. § 1367.

2.

^{With respect to Utah, references to the "Attorney General" refer to the Utah Attorney General's Office acting as counsel for the Division of Consumer Protection of the Utah Department of Commerce.}

- 1 3. Venue is proper in this District under 28 U.S.C. §§ 1391(b)(2), 1395(a), 47 2 U.S.C. §§ 227(e)(6)(E), 227(g)(4), and 15 U.S.C. § 6103(e). Avid Telecom is 3 headquartered within this District and a substantial part of the events or omissions giving rise to the claims alleged in this Complaint occurred in this District. 4 4. 5 Plaintiffs notified the Federal Trade Commission ("FTC") of this civil action prior to instituting such action, as required by 15 U.S.C. § 6103(b). 6 7 5. Plaintiffs notified the Federal Communications Commission ("FCC") of this 8 civil action prior to instituting such action, as required by 47 U.S.C. §§ 227(e)(6)(B) and 9 (g)(3).10 11 **PLAINTIFFS** 12 6. The Attorneys General of the Plaintiffs are the chief legal officers for 13 their respective states and commonwealths. Plaintiffs bring this action in the public 14 interest pursuant to the consumer protection, business regulation, and/or telemarketing authority conferred on them by their respective state statutes and/or 15 16 pursuant to the doctrine of *parens patriae* and/or common law authority. 17 7. Pursuant to the Telemarketing Act, 15 U.S.C. §§ 6103(a) and (f)(2), the Attorneys General and other authorized officers of the Plaintiffs' respective 18 jurisdictions are authorized to initiate federal district court proceedings to enjoin 19 20 telemarketing activities that violate the TSR, to enforce compliance with the TSR, and 21 in each such case, to obtain damages, restitution, and other compensation on behalf 22 of residents, or to obtain such further and other relief as the court may deem 23 appropriate. 24 8. Plaintiffs are authorized to enforce the TCPA and the regulations prescribed 25 under it by 47 U.S.C. § 227(e)(6)(A), which authorizes Plaintiffs to impose civil penalties 26 for violations of the TCPA or its regulations, and by 47 U.S.C. § 227(g)(1), which 27 authorizes Plaintiffs to enjoin Defendants' routing of illegal calls, and to be awarded

DEFENDANTS

10. Defendant Michael D. Lansky, L.L.C., doing business as Avid Telecom
(hereinafter "Avid" or "Avid Telecom"), is an Arizona limited liability company formed
on November 1, 2000, with its principal place of business at 2830 N. Swan Rd. #160,
Tucson, AZ 85712.

27

21

22

11. At times, Avid Telecom has held itself out as Avid Telecom, LLC, including in the FCC's Robocall Mitigation Database.²

2 3

12. At all relevant times to this Complaint, Avid Telecom was engaged in trade or commerce within the scope of the statutes enforced by Plaintiffs and transacted 4 5 business by routing telephone calls to each of Plaintiffs' jurisdictions.

6

13. Defendant Michael Lansky ("Lansky") is an individual residing in Tucson, 7 Arizona. According to filings in the Arizona Secretary of State business database, Lansky 8 is a Member and Manager of Avid Telecom. Lansky holds himself out as CEO of Avid 9 Telecom in business filings and on the FCC's 499 Filer Database website.³ Lansky has also 10 held himself out as the President of Avid Telecom. Lansky has formulated, directed, 11 controlled, had the authority to control, or participated in the acts or practices of Avid 12 Telecom as set forth in this Complaint.

13 14. Defendant Stacey S. Reeves ("Reeves") is an individual residing in Oviedo, 14 Florida. Reeves holds herself out as the Vice President of Operations and Sales for Avid 15 Telecom in filings with the FCC's Robocall Mitigation Database. Reeves began her position as Vice President of Avid Telecom in October of 2020. Reeves has formulated, 16 17 directed, controlled, had the authority to control, or participated in the acts or practices of 18 Avid Telecom as set forth in this Complaint.

Defendants Lansky and Reeves transacted business in this District through

19

15.

Avid Telecom and in their individual capacities. 20

² The FCC requires all voice service providers to file certifications in the publicly 22 accessible Robocall Mitigation Database regarding their effort to fight illegal robocalls on 23 networks. their respective See FCC, Robocall Mitigation Database. https://www.fcc.gov/robocall-mitigation-database (last visited May 18, 2023). 24

³ The FCC maintains a publicly accessible database of all the entities that register to provide 25 voice services in the United States and to contribute to the federal Universal Service Fund. 26 The Federal Communications Commission's form for voice service providers to file regarding their Universal Service Fund contributions is entitled "Form 499." Avid 27 Telecom's 499 information found here: can be 28 https://apps.fcc.gov/cgb/form499/499detail.cfm?FilerNum=828064.

Defendant Avid Telecom identifies itself as an interconnected Voice over 1 16. 2 Internet Protocol ("VoIP") service provider, registered with the FCC's Form 499 Filer 3 Database as Filer ID No. 828064. According to the Avid Telecom's 499 filings, it does business in all U.S. 4 17. 5 states and territories. As an interconnected VoIP service provider, Avid Telecom uses broadband 6 18. 7 internet technology to route its customers' calls into, and throughout, the U.S. telephone 8 network. 9 10 **INTRODUCTION** 11 19. Every day, millions of American consumers receive a barrage of unwanted robocalls that are harassing, annoying, threatening, and malicious. Some consumers are 12 13 told that their "Social Security Number has been used for some kind of fraudulent activity in the South Border of Texas."⁴ Sometimes, the message states the "SSA department is 14 filing a lawsuit against you. An arrest warrant has been released on your name."⁵ Other 15 calls purport to be from Amazon, luring the call recipient into a scam.⁶ These calls are all 16 17 scams designed to scare and harm consumers. Other robocalls may not be scams but are 18 harassing, abusive, and illegal, nonetheless.⁷ 19 20 21 22 ⁴Avid Telecom transmitted a robocall with this message on November 04, 2021. 23 https://portal2.tracebacks.org/api/public/attachments/550668. 24 Avid Telecom transmitted a robocall with this message on April 16, 2020. https://portal2.tracebacks.org/api/public/attachments/1539. 25 Avid Telecom transmitted a robocall with this message on July 09, 2022. 26 https://portal2.tracebacks.org/api/public/attachments/951297. 27 ⁷ Avid Telecom transmitted a robocall with this message on December 12, 2022. 28 https://portal2.tracebacks.org/api/public/attachments/1161599.

4

5

20. Illegal robocalls are the most common contact method for scammers, and
 consumers reported losing over \$692 million to them in 2021 alone.⁸

OVERVIEW OF DEFENDANTS' BUSINESS PRACTICES AND WRONGDOING

6 21. Defendants Avid Telecom, Lansky, and Reeves are in the business of
7 providing VoIP services, facilitating or initiating robocalls, and/or helping others make
8 robocalls.

9 22. Avid Telecom received more than 329 Traceback⁹ notifications from the
10 USTelecom-led Industry Traceback Group ("ITG"). These notifications put Defendants
11 on notice that Avid Telecom was transmitting illegal robocalls.

12 23. Despite receiving these 329 notifications, and despite receiving additional
13 letters and correspondence from the ITG about needing to improve Avid Telecom's traffic
14 screening procedures, week after week Defendants chose profit over running a business
15 that conforms to state and federal law. Defendants could have chosen to implement
16 effective and meaningful procedures to prevent—or even significantly mitigate—the
17 perpetration of illegal behavior onto and across Avid Telecom's network but chose not to
18 do so.

19 24. Even if Defendants had not been specifically informed at least 329 times by
20 the ITG that Avid Telecom was carrying illegal robocall traffic, they knew or should have
21 known that Avid Telecom was assisting and facilitating telemarketers or sellers
22

- ²³ ⁸ FTC Consumer Sentinel Network Data Book 2021, at 12 (February 2022),
 ²⁴ <u>https://www.ftc.gov/system/files/ftc_gov/pdf/CSN%20Annual%20Data%20Book%2020</u>
 ²¹ <u>21%20Final%20PDF.pdf</u>.
- ⁹ A "Traceback" is recognized by the voice communications industry as the method used
 ⁹ by the ITG to trace the "call path" of a call, which identifies every provider that helped
 ⁷ route the call across the telephone network, beginning with the call recipient and ending
 ⁸ with the caller or the last provider closed to the caller that responds to the Traceback
 ⁸ request.

transmitting illegal robocalls based on its call detail records, which are business records
 that are automatically generated by every telecom provider when a call is originated or
 transmitted and are kept in order to bill for the service of originating or transmitting each
 call across the provider's network.

- 5 25. In short, Defendants were on notice, both through Tracebacks and complaints
 6 from their downstream providers, that Avid Telecom's network was being used by
 7 telemarketers or sellers to send illegal robocalls.
- 8 26. Avid Telecom and Lansky have been on notice about this illegal call traffic
 9 for many years.

10 27. Defendants knew or consciously avoided knowing that telemarketers or
11 sellers were transmitting robocalls across Avid Telecom's network and using Avid
12 Telecom's services to send call traffic that violated federal and state laws.

13 28. Defendants provided substantial assistance to robocallers and facilitated the
14 transmission and eventual delivery of millions of prerecorded telephone calls to residents
15 in the Plaintiffs' respective jurisdictions.

16 29. Defendants and their customers made or initiated calls to both residential and
17 cellular telephone lines using artificial or prerecorded voices to deliver messages without
18 the prior express consent of the called parties.

19

28

30. Some of Defendants' customers were telemarketers and/or sellers.

20 31. For many calls where Defendants' customers were not the caller, the caller
21 was a telemarketer and/or seller.

32. Defendants' customers' robocall campaigns advertise various goods and
services including healthcare products and automobile extended warranties.

24 33. Defendants facilitated the transmission of robocall campaigns in which the
25 telemarketer and/or seller:

- 26a.Misrepresented material aspects of goods or services, in violation of2716 C.F.R. § 310.3(a)(2)(iii);
 - 10

| 1 | b | Misrepresented the seller's or telemarketer's affiliation with |
|----|-----------------|---|
| 2 | | corporations or government entities, in violation of 16 C.F.R. § |
| 3 | | 310.3(a)(2)(vii); |
| 4 | c. | Made false or misleading statements to induce any person to pay for |
| 5 | | goods or services, in violation of 16 C.F.R. § 310.3(a)(4); |
| 6 | d | Failed to transmit or cause to be transmitted the real telephone number |
| 7 | | and the name of the telemarketer to caller identification services used |
| 8 | | by call recipients, in violation of 16 C.F.R. § 310.4(a)(8); |
| 9 | e. | Initiated or caused the initiation of outbound calls to telephone |
| 10 | | numbers on the National Do Not Call Registry, in violation of 16 |
| 11 | | C.F.R. § 310.4(b)(1)(iii)(B); |
| 12 | f. | Initiated or caused the initiation of outbound telephone calls that |
| 13 | | delivered prerecorded messages, in violation of 16 C.F.R. § |
| 14 | | 310.4(b)(1)(v); and/or |
| 15 | g | Failed to disclose the identity of the seller of the goods or services |
| 16 | | truthfully, promptly, and in a clear and conspicuous manner to the |
| 17 | | person receiving the call, in violation of 16 C.F.R. § 310.4(d)(1). |
| 18 | 34. A | vid Telecom provided services customized to the needs of robocalling |
| 19 | customers by e | nabling them to place a high volume of calls in quick succession, billing |
| 20 | only for the du | ration of completed calls-typically in as little as 6-second increments- |
| 21 | and ignoring cl | ear indicia of illegal call traffic. |
| 22 | 35. D | efendants provided their customers with Direct Inward Dialing numbers |
| 23 | ("DIDs"), whic | h would appear to the persons receiving the calls as the calling numbers or |
| 24 | "Caller IDs." | |
| 25 | | |
| 26 | | |
| 27 | | |
| 28 | | |
| | | |

- 36. 1 This service was likely provided to circumvent the procedural guardrails of the caller authentication framework of STIR/SHAKEN¹⁰ that would otherwise mark a 2 3 randomly generated or used calling number as "unverified" and cause such calls to be 4 blocked from being delivered to the called party at a network level by a downstream 5 provider.
- 6

Defendants have quick¹¹ and inexpensive¹² access to millions of DIDs that 37. 7 they sell or lease to their customers.

8 38. Defendants sold DIDs in bulk and were capable of providing DIDs for 9 telephone numbers from every area code in the United States.

10

11

39. The practice of "spoofing" is used deceptively by scammers to manipulate the caller ID system, so it appears that their calls are from legitimate phone numbers.

- 12 40. Defendants used DIDs for "neighbor" spoofing and/or "snowshoe" spoofing. 13 Neighbor spoofing is the practice of using caller ID numbers with the same area code and 14 same or similar three-digit exchange as the call recipient to increase the odds of the call 15 recipient answering the call due to the belief that the call is originating from the local area. 16 Snowshoe spoofing is the practice of using massive quantities of unique numbers for caller 17 ID on a short-term or rotating basis to evade behavioral analytics detection, or to bypass or 18 hinder call blocking or call labeling analytics based on the origination numbers. Numbers 19 used for snowshoeing are often numbers that cannot receive incoming calls.
- 20

¹⁰ STIR/SHAKEN is a framework of FCC-mandated processes and procedures that enables 21 phone companies to verify that the Caller ID information transmitted to the call recipient 22 matches the caller's real phone number, and is intended to stop or significantly mitigate illegal and fraudulent Caller ID spoofing. See FCC, Caller ID Authentication Tools, 23 https://www.fcc.gov/TRACEDAct (last visited May 18, 2023). 24

¹¹ In a January 28, 2022, email to Call48, Reeves wrote: "Please understand, the very thing 25 that sets Avid apart from its competitors for DID business is the fact that we can fill orders within 2-3 days as opposed to 5-7." 26

¹² In a January 2022 bill, Avid Telecom was paying \$0.01 per DID to Call48 for 865,683 27 DIDs. On February 1, 2022, Avid Telecom provided a list of over 400,000 DIDs to return 28 to Call48.

41. Defendants claimed to provide and/or sell data in the form of call recipient
 phone numbers to their customers to use as "leads" in their customers' telemarketing
 campaigns.

4 42. Defendants advertised they provide consulting services concerning how to
5 effectively conduct robocalling operations. In one case, they provided a known robocaller
6 with, at least, informal consulting.

7 43. Defendants actively participated in the initiation of, or assisted and facilitated
8 in the initiation of, illegal robocalls.

9 44. Defendants assisted and facilitated telephone calls that used neighbor10 spoofing.

11 45. Defendants knew or consciously avoided knowing they were routing illegal
12 robocall traffic.

46. Defendants provided substantial support and assisted sellers and
telemarketers engaged in illegal robocalling in many ways, including but not limited to:

a. making and/or routing their customers' and robocallers' illegal calls
to consumers in the Plaintiffs' respective jurisdictions;

17

18

19

20

21

22

23

24

25

26

27

28

b. taking express steps to obscure the ownership of at least one of their customers from ITG and other third parties after the principal owner became the subject of federal and state law enforcement actions and formed another named entity to continue to conduct business under another entity name;

c. providing some customers with DID rotation support, so that the customer could circumvent and undermine consumer, law enforcement, and industry efforts to block and mitigate illegal calls;

d. providing customers with the telephone numbers (DIDs or Caller IDs)
 used to make illegal calls to consumers in the Plaintiffs' respective
 jurisdictions;

providing customers with leads and/or data used by their customers to 1 e. 2 make illegal calls to consumers in the Plaintiffs' respective 3 jurisdictions; and f. providing customers with expertise on how to most effectively and 4 profitably run their illegal robocalling and telemarketing schemes. 5 47. Without the support, assistance, facilitation, and participation of Defendants, 6 7 the billions of illegal robocalls sent by, to, and through their network would not have 8 reached millions of consumers across the United States. 9 10 **Defendants' VoIP Provider Business Practices** 11 48. Avid Telecom is a VoIP business that makes and transmits telephone calls for profit. 12 13 49. Avid Telecom provides services to retail customers who are the originating 14 callers that place robocall and telemarketing calls, as well as wholesale customers who are other voice service providers that route and transmit robocall and telemarketing calls. 15 50. Defendants' position in the call paths can vary from call to call and depends 16 17 upon the operative contracts with other entities in the voice communications ecosystem. 18 51. When serving as an "originating" VoIP provider, Avid Telecom is the first 19 provider to make or initiate call traffic on behalf of its own retail customer. 20 52. Then, Avid Telecom routes the call to another provider, which routes the call to another provider on the voice communications network¹³ and so on, until the call is 21 22 routed to a provider that delivers or terminates the call to the intended call recipient. 23 Calls transit from provider to provider, and each stop is designated as a "hop" 53. 24 moving "downstream" to the call recipient. All the providers downstream of the "gateway" 25 26 ¹³ The public switched telephone network refers to the aggregate of landline and mobile telephone infrastructure that can be accessed by the public at large. This does not include 27 private communications networks which are only accessible by select individuals such as intercom systems. 28

or "point of entry" on the U.S. voice communications network, except the last provider, 1 2 are collectively referred to as "intermediate providers." 3 54. The last voice service provider that delivers the call to its customer, who is the call recipient, is identified as the "terminating" provider. 4 5 55. Depending on the private contractual-whether formal or informalagreements with each of its customers, Avid Telecom is either an originating provider or 6 7 intermediate provider, which is a call-by-call classification or categorization. 8 56. There are two filings in the FCC's Robocall Mitigation Database that are 9 related to Lansky, Reeves, and Avid Telecom. One is a complete filing for "Avid Telecom 10 LLC," which is an entity that does not exist. The other is an incomplete filing for "Michael 11 D. Lansky LLC," which is an existing corporate entity. 12 57. According to Avid Telecom's FCC Form 499 Database registration¹⁴, Avid 13 Telecom provides VoIP services in all of the Plaintiffs' respective jurisdictions. 14 58. Avid Telecom structures some of its contracts and billing to appeal to 15 upstream providers that transmit robocalls. Avid Telecom's downstream providers often provide Avid Telecom with 16 59. separate call routes for dialer traffic and conversational traffic.¹⁵ 17 18 60. VoIP providers like Avid Telecom cater to callers using robocalling technology that allows for the transmission of high call volumes in short durations. A 19 20 robocaller can make multiple calls in a single second. These calls may be prerecorded or 21 22 23 14 FCC Form 499 Filer Database, Detailed Information, https://apps.fcc.gov/cgb/form499/499detail.cfm?FilerNum=828064 (last visited May 18, 24 2023). 25 ¹⁵ Dialer traffic is a high-volume number of calls per second with shorter duration times. 26 Generally, dialer traffic is associated with a software or technology initiating as many calls as possible. Dialer traffic tends to have consistent patterns based on the type of call the 27 calling party is making. Conversational traffic is traditional human-to-human call traffic. 28 Conversational traffic tends to be longer duration with fewer calls per second.

| 1 | artificially-voiced messages, or they can allow a computer to confirm a call recipient |
|----|---|
| 2 | answers before connecting the call to a live operator. |
| 3 | 61. For example, one of Avid Telecom's downstream providers, All Access |
| 4 | Telecom, provided Avid Telecom with an unrestricted route for dialer traffic. This allowed |
| 5 | Avid Telecom to send an unlimited number of below-six-second calls. |
| 6 | 62. VoIP technology is particularly attractive to scammers that place illegal |
| 7 | robocalls because it allows them to efficiently place millions or billions of calls as they |
| 8 | troll for vulnerable consumers who will fall victim to their financial or identity theft scams. |
| 9 | 63. Avid Telecom catered its business to the needs of robocallers by offering |
| 10 | special "dialer" rates for short duration calls. |
| 11 | 64. For example, in a February 6, 2020, email to voice service provider ANI |
| 12 | Networks, Lansky pitched Avid Telecom's business like this: |
| 13 | No worries it's been a very busy last few weeks and now certain |
| 14 | parts of the industry are in a panic mode I think I may have some |
| 15 | solutions for you all maybe make a messy situation more sane, that is if you are doing some of the short duration (CC^{16}) traffic today |
| 16 | If you are getting this traffic and blocking It or stopping it we can |
| 17 | probably term it for you over our networks with quality termination |
| 18 | and stats. If you are sending it carriers today we might be able to provide a better route with the same or better costs. We are not the |
| 19 | least expensive guys out there doing this we don't want to be. We |
| 20 | are in very good standing with the US Telecom Association and the FTC. And those are extremely good things |
| 21 | |
| 22 | if you have following this much, such well known names are not in such good standing. |
| 23 | I can probably get more into the details once I have a better |
| 24 | understanding of how you handle short duration traffic today. |
| 25 | |
| 26 | |
| 27 | ¹⁶ In this context, "CC" is typically an abbreviation for "call center" indicating the call |
| 28 | traffic he is offering to facilitate is short duration outbound calls from telemarketers. |
| | 16 |

65. Before November 1, 2022, Avid Telecom's website homepage advertised
that "Avid Telecom is a complete call center solution." Sometime after November 1, 2022,
Avid Telecom made changes to its website. Prior to November 1, 2022, Avid Telecom's
website advertised:

Sign Up For A Free Test Drive

66. Avid Telecom held itself out publicly as a provider of dialing software, which "includes a Predictive Dialer, Voice Broadcasting, List Management and Agent Management."¹⁷ Voice broadcasting is an industry term for robocalling which is the ability to simultaneously initiate mass quantities of calls that deliver prerecorded or artificial voiced messages. Prior to November 1, 2022, Avid Telecom's website advertised:

¹⁷ A predictive dialer refers to a type of automated dialer that places phone calls even before
 the agents become available. Predictive dialers are often used by robocallers to increase
 efficiency.

Avid Telecom uses their strong partner relationships to offer only the highest quality routes for your minutes. Our routes will help you complete more calls and improve sales with no dead air or FAS. We offer flexible, volume-based pricing and a free credit to test our network. **Try us today!**

Sign Up For A Free Test Drive

70. Avid Telecom held itself out publicly as a provider of call data, advertising: "Avid Telecom combines a multitude of data sources to provide high quality and high connectivity contact leads for your call center. Data can be targeted by state, average talk time, likelihood of voicemail and likelihood of answering. Free samples are available. Take a test drive today!" Prior to November 1, 2022, Avid Telecom's website advertised:

²⁷ ¹⁸ False Answer Supervision ("FAS") is a type of VoIP fraud, where a caller is billed for a
 ²⁸ call duration that is longer than the actual connection time.

1 72. Avid Telecom's website and marketing made it clear that it was courting 2 robocallers and other VoIP providers that send voluminous robocall traffic. 3 **ROBOCALL MITIGATION, METRICS, AND ANALYSIS TOOLS** 4 5 73. In the last several years, both law enforcement and voice communications industry members have been working to develop resources, rules, and processes that have 6 become essential to identifying and mitigating the sources of illegal robocall and 7 8 telemarketing campaigns and those who enable them to route this traffic across the U.S. 9 voice communications network. Included among these resources, rules, and processes are 10 Call Detail Records, Mitigation Metrics and Analyses, Traceback Notices, and other 11 complaints. 12 Call Detail Records 13 74. Every attempted or completed call that reaches a VoIP provider's network automatically generates a record, known as a "call detail record" or "CDR," which 14 generally includes the following information: 15 The date and time of the call attempt; 16 a. 17 The duration of the call (calls that fail to connect are generally denoted b. by a zero-second duration); 18 19 The intended call recipient's telephone number; c. The originating or calling number from which the call was placed 20 d. 21 (which may be a real number or may be spoofed); 22 An identifier such as a name or account number for the upstream e. 23 provider that sent the call attempt to the VoIP provider's network; and 24 f. An identifier for the downstream provider to which the VoIP provider 25 attempts to route the call. 26 75. Since VoIP providers use these CDRs for billing purposes, they are 27 incentivized to ensure that the CDRs are complete and accurate. 28

76. 1 CDRs are maintained for some amount of time by every provider in order to, 2 at a minimum, accurately bill an upstream provider for accepting and routing its call traffic. 3 77. Illegal robocalls create distinctive and identifiable patterns in CDRs. These calls are universally unexpected and unwanted, so most recipients hang up the phone 4 5 immediately. Therefore, these calls typically connect for a very short duration, if at all. CDRs for illegal robocalls will often feature a high percentage of calls that are only a few 6 7 seconds long. When examined in the aggregate, CDRs tend to show a very short average 8 call duration.

9 78. Conversely, CDRs showing legitimate, consented-to robocalls or routine
10 conversational call traffic typically have a much lower short call percentage, and a much
11 longer average call duration.

- 79. Also, improper or questionable Caller ID spoofing—where a calling number
 is used relatively infrequently in relation to the total number of calls that are made with
 that number—is often apparent in CDRs and is indicative of illegal robocalls. Robocallers
 deceptively use spoofing to hide their identity, to circumvent call blocking and labeling
 tools, and to make it more likely that consumers will answer their calls.
- 17 80. Illegal robocallers frequently use caller ID spoofing to impersonate trusted
 18 organizations such as law enforcement, government agencies, and large corporations.
 19 These organizations' phone numbers are publicly available, and when these numbers
 20 appear in CDRs for calls that originate abroad, these robocalls are irrefutably illegal.
- 81. Patterns of neighbor spoofing or impersonating trusted numbers are easy to
 detect when present in CDRs and indicate that the upstream provider is sending illegal calls
 across the downstream provider's network.
- 82. Another identifier of illegal robocalls captured by CDRs is the presence of
 high numbers of unique calling phone numbers initiating calls. This technique of using a
 calling number only a handful of times to avoid detection by call blocking analytics is
 called "snowshoeing" or using "disposable" phone numbers.
- 28

83. As described above, illegal robocallers and telemarketers use the
 "snowshoeing" method of spoofing—using a calling number only once or a handful of
 times to avoid detection—to prevent large providers and legitimate companies from
 identifying and blocking the phone numbers the bad actors are using to perpetrate scam
 calls.

84. Legitimate telemarketers and people who make calls for ordinary business or
personal purposes use the same phone number or a certain limited block of numbers for
each placed call. For this reason, CDRs for legitimate traffic reflect that the total number
of calls is significantly greater than the total number of unique calling phone numbers used.
However, CDRs for illegal call traffic reflect close to a 1-1 ratio for the total number of
calls to the total number of unique phone numbers.

- 12 85. The presence of high rates of calls to phone numbers on the National Do Not
 13 Call Registry ("National DNC Registry")¹⁹ is another way to distinguish illegal robocalls
 14 and telemarketing calls from legitimate calls. Substantial volumes of illegal calls are placed
 15 to phone numbers on the National DNC Registry because problematic robocallers are
 16 unlikely to respect legal prohibitions on calling numbers on the National DNC Registry.
- 17
- 18

Patterns of Illegal Calls Identified in Avid Telecom's Call Detail Records

19 86. A preliminary review of CDRs from some of Avid Telecom's downstream
20 providers shows that, between December 31, 2018, and January 31, 2023, Avid Telecom
21 made and/or attempted to make more than 24.5 billion calls. Among the approximately 21
22 billion calls made to valid U.S. phone numbers, about 93% of those calls had a call duration
23 of less than 15 seconds.

24 87. This significantly high percentage of calls of "short duration" calls that lasted
25 only 15 seconds or less, coupled with the use of high volumes of different Caller IDs or
26

 ²⁷
 ¹⁹ FTC, National Do Not Call Registry, <u>https://www.donotcall.gov/</u> (last visited May 18, 2023).

- DIDS to place the calls, which Caller IDs significantly matched the call recipient's area
 code, are commonplace patterns of illegal call traffic.
- 3 88. A preliminary review of Avid Telecom's call traffic shows that Avid
 4 Telecom regularly routed high volumes of calls consistent with patterns of illegal call
 5 traffic to phone numbers across the United States. For instance:

- a. Between January 1, 2019, and November 3, 2022, Avid Telecom routed to its downstream customer All Access Telecom more than 4.52 billion calls—an average of over 3.2 million calls per day transmitted to this provider alone—that were placed to over 685.7 million phone numbers across the country. More than 474.8 million different Caller ID or DID numbers were used to place those calls, over 72% of which were used to make just one telephone call. Among these calling numbers, over 58% matched the call recipient's area code, with a small percentage of that matching both the area code and local exchange. Of the 27% of these 4.52 billion calls that were actually answered, the average call duration was only 16 seconds.
- b. Between June 18, 2021, and January 31, 2023, Avid Telecom routed to its downstream customer Bandwidth more than 587.8 million calls—an average of over 991,000 calls per day transmitted to this provider alone—that were placed to over 121 million phone numbers across the country. More than 55.5 million different Caller ID or DID numbers were used to place those calls, over 71% of which were used to make just one telephone call. Among these calling numbers, over 70% matched the call recipient's area code, with a small percentage of that matching both the area code and local exchange. Only 26% of the total calls sent were answered, and more than 124.4 million of those calls were only between 6 and 15 seconds.

c. Between February 2, 2022, and January 30, 2023, Avid Telecom routed to its downstream customer Carrier Connect more than 513.6 million calls—an average of over 1.4 million calls per day transmitted to this provider alone—that were placed to over 106.2 million phone numbers across the country. More than 78.9 million different Caller ID or DID numbers were used to place those calls, over 80% of which were used to make just one or two telephone calls. Among these calling numbers, more than 30% matched the call recipient's area code, with a small percentage of that matching both the area code and local exchange. Of the only 16% of these 513.6 million calls that were answered, the average call duration was 19 seconds.

- d. Between December 31, 2018, and November 10, 2022, Avid Telecom routed to its downstream customer Inteliquent more than 2.96 billion calls—an average of over 2.1 million calls per day transmitted to this provider alone—that were placed to over 508.5 million phone numbers across the country. More than 273.3 million different Caller ID or DID numbers were used to place those calls, over 80% of which were used to make just one telephone call. Among these calling numbers, more than 64% matched the call recipient's area code, with a small percentage of that matching both the area code and local exchange. Of the approximately 50% of these 2.96 billion calls that were answered, the average call duration was only 18 seconds.
 - e. Between February 2, 2022, and January 23, 2023, Avid Telecom routed to its downstream customer Secure Voice more than 2.94 billion calls—an average of over 8.3 million calls per day transmitted to this provider alone—that were placed to over 289 million phone numbers across the country. More than 194 million different Caller ID or DID numbers were used to place those calls, over 71% of which

were used to make just one telephone call. Among these calling numbers, more than 69% matched the call recipient's area code, with a small percentage of that matching both the area code and local exchange. Of the approximately 52% of these 2.94 billion calls that were answered, the average call lasted only 5 seconds.

- f. Between March 12, 2020, and October 31, 2020, Avid Telecom routed to its downstream customer VoIP Innovations more than 856 million calls—an average of over 3.67 million calls per day transmitted to this provider alone—that were placed to over 243 million phone numbers across the country. More than 56.1 million different Caller ID or DID numbers were used to place those calls, over 84% of which were used to make just one telephone call. Among these calling numbers, more than 51% matched the call recipient's area code, with a small percentage of that matching both the area code and local exchange. Of the 31% of these 856 million calls that were answered, the average call duration was 14 seconds.
 - g. More than 7.5 billion of the almost 21 billion calls sent and/or transmitted to U.S.-based telephone numbers by Avid Telecom since 2019 that were reviewed by Plaintiffs were calls made to telephone numbers registered on the National DNC Registry at the time of this filing. A majority of these phone numbers were on the National DNC Registry at the time the calls were sent and/or transmitted by Avid Telecom.
 - h. An initial review also shows that, since 2019, Avid Telecom sent and/or transmitted more than 1 million calls to consumers in the Plaintiffs' respective jurisdictions that were illegal and/or violative of federal and state law.
 - 26

1 numbers that are not currently assigned and/or recognized as valid by the North American 2 Numbering Plan Administrator ("NANPA").²⁷ 3 **OVERVIEW OF AVID TELECOM'S TRACEBACKS AND** 4 5 **OTHER THIRD-PARTY NOTICES OF WRONGDOING** 97. In Avid Telecom's capacity as a provider of interconnected VoIP, it received 6 7 Traceback requests from, and communicated with, ITG. 8 Established in 2015, the ITG is a private collaborative industry group²⁸-98. 9 composed of providers across wireline, wireless, VOIP, and cable services-that traces and 10 identifies the sources of illegal robocalls. 11 99. The ITG's traceback operations are managed by a team of employees and 12 contractors who work daily with industry and government partners to identify sources of 13 illegal robocalling campaigns. 14 100. Every day, the ITG traces back numerous robocalls, which are representative 15 examples of the most prolific, ongoing, identified and suspected illegal robocall campaigns 16 in the United States, equaling millions of illegal calls targeting U.S. consumers. The ITG 17 18 ²⁷ The NANPA is the entity responsible for the neutral administration of the North 19 American Numbering Plan ("NANP") numbering resources, as designated by the FCC. The NANPA's responsibilities are defined by the FCC. NANP numbers are ten-digit 20 numbers consisting of a three-digit Numbering Plan Area ("NPA") code, commonly called 21 an area code, followed by a seven-digit local number. The format is usually represented as NPA-NXX-XXXX, where N is any digit from 2 through 9 and X is any digit from 0 22 through 9. See NANPA, About NANPA. 23 https://www.nationalnanpa.com/about us/index.html. 24 ²⁸ In December 2019, Congress enacted the Pallone-Thune Telephone Robocall Abuse Criminal Enforcement and Deterrence Act (hereinafter "the TRACED Act") to combat the 25 scourge of unlawful robocalls. See Pub. L. No. 116-105, § 13(d), 133 Stat. 3274 (2019). 26 Following its enactment, the FCC designated the ITG as the official private-led traceback consortium charged with leading the voice communications industry's efforts to trace the 27 origin of suspected illegal robocalls through various communications networks through 28 tracebacks. See 47 C.F.R. § 64.1203.

Case 4:23-cv-00233-EJM Document 1 Filed 05/23/23 Page 36 of 141

provides notice to providers that are implicated in the call path for suspected and known
 illegal call traffic. The ITG also shares information from those traceback investigations
 with federal and state enforcement agencies, which information supports law enforcement
 actions.²⁹

 Call Details for Traceback #4768 0 seconds ago

 Campaign:
 SSA-DisabilityAdvisor

 Date/Time:
 2021-04-08 13:41:30 +0000 UTC

 To:
 +18046788776

 From:
 +18046218566

 Recorded voice says this is a Social Security Disability Advisor, suggesting caller is affiliated with SSA. Message, captured in consumer voice-mailbox, does not conform to 47 CFR ŧ 64.1200(b): Must state name of business at beginning of message and must include toll-free callback number for automated opt-out. Many different caller-IDs so blocking the ANI is not effective. Access portal to listen to audio. This call is just one example

representative of millions of calls. Callback connects to IVR that does disclose name of originating business nor give access to live agent

102. The ITG traces back the most prolific or damaging ongoing identified or suspected illegal robocall campaigns in the United States. This "Traceback" process starts when the ITG sends a notice to the "terminating provider," the voice service provider who delivered the call that is the subject of the Traceback to the call recipient. The notice contains a recording or description of the identified or suspected illegal robocall and requests that the terminating provider respond and identify the company which transmitted the call to that provider. The ITG then sends a notification to the company that sent the

| 1 | terminating provider the call, and the process repeats until the ITG determines the source |
|----------|--|
| 2 | of the call or reaches a company that refuses to respond to the Traceback notification. |
| 3 | 103. Defendants were aware of the ITG Traceback process. |
| 4 | 104. Other third parties notified Defendants of illegal calls, including calls made |
| 5 | in violation of statutes and regulations concerning the National DNC Registry and state Do |
| 6 7 | Not Call Lists. |
| 8 | 105. The ITG notified Avid Telecom at least 329 times since January 6, 2020, |
| 9 | about identified or suspected illegal calls that transited Avid Telecom's network. |
| 10 | 106. The ITG estimates that each traced call is representative of a large volume of |
| 11 | similar illegal calls, ³⁰ meaning Avid Telecom has caused vast numbers of scam robocalls |
| 12 | to reach US consumers, despite multiple notifications of this identified and suspected |
| 13 | illegal call traffic. |
| 14 | 107. Of these 329 representative calls traced back by the ITG, 160 calls were made |
| 15 | to phone numbers on the National DNC Registry. |
| 16 | 108. Based on its Tracebacks, Avid Telecom knew that it routed identified scam |
| 17 18 | calls, including government imposter, Amazon imposter, Apple imposter, and utility |
| 18 19 | scams. Avid Telecom also routed many auto warranty, health insurance, and student loan |
| 20 | robocalls. |
| 21 | 109. The following are some of Avid Telecom's upstream voice service provider |
| 22 | customers and/or retail customers that have routed identified illegal robocalls to Avid |
| 23 | Telecom that were the subject of Tracebacks: |
| 24 | |
| 25 | ³⁰ USTelecom, <i>Industry Traceback Group Policies and Procedures</i> , at 5 (revised April 2022) (<i>ITG Policies & Procedures</i>) (defining "campaign" as "[a] group of calls with |
| 26 | identical or nearly identical messaging as determined by the content and calling patterns of |
| 27 | the caller," where "[a] single Campaign often represents hundreds of thousands or millions of calls"), <i>available at</i> <u>https://tracebacks.org/wp-content/uploads/2022/04/ITG-Policies-</u> |
| 28 | and-Procedures-Updated-Apr-2022.pdf. |

| 28 | Court S.D. OH, Case No. 2:22-CV-2700 (July 7, 2022). |
| | 42 |

| 1 | robocallers, Aaron Michael Jones ³⁹ ("Jones") and Roy M. Cox, Jr. ⁴⁰ ("Cox"). Jones and |
|----|---|
| 2 | Cox operated through a common enterprise involving numerous individuals and business |
| 3 | entities including but not limited to, Sumco Panama SA, Sumco Panama USA, Virtual |
| 4 | Telecom Kft, Virtual Telecom Inc., Davis Telecom Inc., Geist Telecom LLC, Fugle |
| 5 | Telecom LLC, Tech Direct LLC, Mobi Telecom LLC-another of Avid Telecom's |
| 6 | customers—and Posting Express Inc. (collectively, "Sumco" or "Sumco Enterprise"). |
| 7 | 118. On December 23, 2022, the FCC subsequently issued a Notice of Apparent |
| 8 | Liability against certain individuals and entities involved in the Sumco Enterprise robocall |
| 9 | operation, proposing a \$299,997,000 fine. ⁴¹ |
| 10 | 119. On September 12 and 13, 2022, Avid Telecom received nine Tracebacks |
| 11 | concerning another of its customers, Urth Access, for transmitting Student Loan robocalls. |
| 12 | Three of the robocalls ⁴² were made to phone numbers on the National DNC Registry. |
| 13 | |
| 14 | 120. On or around September 19, 2022, almost one week after receiving the ITG |
| 15 | notices concerning Urth Access, Reeves reached out to ITG about these Tracebacks. |
| 16 | 121. A representative from ITG wrote back to Reeves: |
| 17 | Thanks Stacey. Is your question about the tracebacks in light of the |
| 18 | originating provider claiming its customer has consent for the calls? If so, I think there's a few things worth flagging and that we can share. |
| 19 | As an initial matter, we only trace (and keep tracing) these types of lead generation campaigns when we have reason to believe the |
| 20 | lead generation campaigns when we have reason to believe the |

campaign is in violation of telemarketing laws. This includes evidence that calls into question whether there is valid consent, such as examples of the calls hitting honeypots at high volume (where no person could consent to the call) and data that the campaign is at such high volume that it calls into question whether there is in fact valid consent. Indeed, Federal Trade Commission officials have made clear that exceptionally high volume is a reason to question valid consent to receive telephone solicitations that are part of a prerecorded telemarketing campaign.

In this case, there are several additional issues with the campaign, including with the content of the call. First, the recording fails entirely to provide a toll free call back number as required by 47 C.F.R. § 64.1200(b)(3) of the Federal Communications Commission's rules. Second, the robocall identifies the Student Loan Forgiveness Center as the caller. A simple internet search does not yield a website for a "Student Loan Forgiveness Center." To the extent such business exists, it appears unlikely based on its lack of internet presence that it has the scale and scope to have valid consent to be making hundreds of thousands of these calls per day. Indeed, the only information an internet search yields is complaints about the unwanted calls and suggestions it's a scam. See <u>https://www.yelp.com/biz/student-loan-forgiveness-center-irvine</u>.

Other information yielded in the traceback raised more red flags. (We are working on ways to responsibly unleash more of this information to the provider ecosystem, but for now note that nothing precludes a provider from requesting from its upstream provider this type of information, including what the provider's response to the ITG.) Most notably, while the originating provider claimed the caller had consent, the purported caller was not the "Student Loan Forgiveness Center" nor even in the financial sector. The caller instead was reportedly in the health sector, and the consent was purportedly provided on a page about health insurance. The fine print buried on a separate page suggests that by giving them your number, you are consenting to receiving telemarketing calls from over 10,000 entities, including numerous that themselves are lead generators. This is not consistent with the Federal Trade Commission's requirements under the Telemarketing Sales Rule nor the Federal Communications Commission's requirements under the Telephone Consumer Protection Act. I hope this helps if you had questions about the campaign and the claims of consent. To the extent it was something

|--|--|
| 1 2 3 4 5 6 | else regarding those tracebacks, please let us know and we can set up a call to discuss. 122. Avid Telecom continued sending Urth Access's traffic after this notification from ITG and received yet another Traceback regarding a student loan robocall from Urth Access on October 26, 2022. 123. Avid Telecom allowed Urth Access to submit payment for services using |
| 7 | bank accounts held in names of one or more other business entities. |
| 8 9 | 124. On November 10, 2022, the FCC issued a robocall cease-and-desist letter to Avid Telecom's customer Urth Access. ⁴³ |
| 10 11 12 13 14 15 16 | 125. On December 8, 2022, the FCC ordered VoIP service providers, including Avid Telecom, to block student loan robocalls coming from Urth Access.⁴⁴ 126. In another example, Avid Telecom provided ITG with problematic evidence of consent for several of its Tracebacks. 127. In response to a July 2021 Traceback, Avid Telecom responded, "We have notified the customer and have asked that they provide response. Until we have complete understanding, we have taken steps to block the dialed number. We will update once we |
| 17 18 | have their response." |
| 19 20 21 22 23 | 128. On July 23, 2021, Avid Telecom wrote to the ITG: "We have had additional conversations with our customer. They are performing an internal investigation to determine why these numbers were provided to them as valid numbers. We will update with more detailed information as soon as we have it." |
| 24 25 26 27 | ⁴³ FCC Issues Robocall Cease-and-Desist Letter to Urth Access, FCC (Nov. 10, 2022), https://www.fcc.gov/document/fcc-issues-robocall-cease-and-desist-letter-urth-access. ⁴⁴ FCC Orders Voice Service Providers to Block Student Loan Robocalls, FCC (Dec. 8, |
| 28 | 2022), <u>https://www.fcc.gov/document/fcc-orders-voice-service-providers-block-student-loan-robocalls</u> . |

| 1 | 129. In response to a December 3, 2021, Traceback for the same customer, Avid |
|----|--|
| 2 | Telecom wrote to the ITG: "Based on information we have, calling party calls based only |
| 3 | on valid permission. We have requested the 'Opt In' and will provide once received. |
| 4 | Please confirm issue with recording - recording states that called party qualifies for a no |
| 5 | cost insurance analysis." |
| 6 | 130. This Traceback was for a Medicare rewards related call. |
| 7 | 131. On December 10, 2021, Avid Telecom responded with "proof" of a |
| 8 | consumer's consent or "opt-in" information that was said to be obtained from either super- |
| 9 | sweepstakes.com or shareyourfreebies.com. |
| 10 | |
| 11 | 132. Neither of these websites are related to Medicare, health insurance, or |
| 12 | medicine. |
| 13 | 133. Further, the alleged consent for the December 3, 2021 Traceback was for an |
| 14 | out-of-service number assigned to a large voice communications provider. The owner of |
| 15 | the number would not and could not have consented to the call, as it was part of the voice |
| 16 | service provider's robocall tracking program. No end user was assigned to the phone |
| 17 | number that could have provided consent. |
| 18 | 134. For a similar Medicare call on December 10, 2021, Avid Telecom provided |
| 19 | "proof" of a consumer's consent or "opt-in" information that was said to have been given |
| 20 | on January 24, 2019 through a website of <u>https://www.flashrewards.co/default.aspx</u> . |
| 21 | |
| 22 | 135. This website is not related to Medicare, health insurance, or medicine. |
| 23 | 136. Again, the alleged consent for the December 10 call was for an out-of-service |
| 24 | number assigned to a large voice service provider. The owner of the number would not |
| 25 | have consented to the call, as it was part of the voice service provider's robocall tracking |
| 26 | program. |
| 27 | |
| 28 | |
| | |
| | 46 |

4

5

1 137. Between September 19 and September 21, 2022, Avid Telecom provided
 2 ITG with screenshots of websites that had purportedly obtained consent from the
 3 consumers called.

138. For a call related to Social Security Disability Consultant, Reeves provided this screenshot as proof of consent:

| 6 | |

| 7 | 170. Т | The website purports to be for refinance programs or mortgage programs and |
| 8 | not information | n about auto warranties or auto warranty calls and was not legitimate or |
| 9 | actual proof of | f consent from a consumer to receive the call that was the subject of the |
| 10 | Traceback. | |
| 11 | 171. F | Further, the grant of consent is to thousands of potential calling entities, |
| 12 | which should h | nave alerted Defendants their customer lacked proper consent to make these |
| 13 | robocalls. | |
| 14 | 172. F | For all these robocalls, Avid Telecom knew or should have known its |
| 15 | customer did n | ot have valid consent to make these robocalls. |
| 16 | 173. A | All these notices and the obvious lack of consent make clear that this call |
| 17 | traffic was part | t of one or more illegal robocall schemes. |
| 18 | 174. C | On March 10, 2023, Reeves responded to another Traceback— |
| 19 | ITG Traceback | x No. 12443—with evidence of alleged consent, and further stated: |
| 20 | "Although cust | tomer has valid opt-in as shown above, they have added the number to their |
| 21 | global do not c | call list in order to resolve this consumer complaint." |
| 22 | 175. A | An ITG representative responded as follows: |
| 23 | A | Avid: This traceback is based on a referral where a consumer |
| 24 | | complained that the consumer received the call multiple times from |
| 25 | | everal numbers but had never opted in to it. Please also note that email address you provided is invalid, which may indicate that the |
| 26 | | opt-in was not valid. In addition, note that the IP address is a different |
| 27 | - | geographic location from the consumer's address. For all of these reasons, the ITG continues to have a reasonable basis to suspect that |
| 28 | l tl | his call and others in the same campaign are unlawful. As a result, |

the ITG will not mark this traceback as Strike Exempt and may continue to trace back the same campaign.

The ITG will, however, keep a record of this and any other communications, which will be made available to any law enforcement or regulatory agency that makes a lawful demand for information that includes this traceback.

176. On March 10, 2023, Reeves also responded to ITG Traceback No. 12480 as follows: "Although customer has valid opt-in for the call, the number has been added to their global do not call list in order to fully resolve the consumer complaint. The number has also been blocked in Avid's switch."

177. An ITG representative responded as follows:

26

27

28

Avid: The traceback is based on a referral where the consumer the robocall several times per day from different numbers, without ever opting in. The consumer also asked to be added to the caller's do-notcall list to no avail. We also are aware of numerous other complaints regarding the same calling campaign with similar allegations. Further, the ITG has many other examples of the same campaign, including reach numbers for which the ITG has evidence that no consent was provided.

Finally, please note that the website you provided includes hundreds of entities in a second hyperlink, which may not be consistent with regulators' expectations for consent. The website also indicates that the consumer is providing consent for a loan quote, but the call is regarding disability benefits.

For these reasons, the ITG continues to have a reasonable basis to suspect that the call and others in the campaign are unlawful. As a result, the ITG will not mark the traceback as Strike Exempt, and may continue to trace back the campaign.

Please note, however, that a record of this and all other communications will be maintained and will be provided to a law enforcement or regulatory agency that makes a lawful demand for information that includes this traceback.

| 1 | |
|----|---|
| 2 | 178. Upon information and belief, Avid Telecom continues to route this |
| 3 | customer's robocalls. |
| 4 | Illustrative Examples of Direct Downstream Provider Notices to Defendants |
| 5 | |
| 6 | About Illegal Robocall Traffic |
| 7 | 179. Further, Defendants were on notice from downstream providers that their |
| 8 | customers were sending identified and suspected illegal traffic, which included illegal |
| 9 | robocalls. The examples below are a small sample of notices sent to Defendants. |
| 10 | robocans. The examples below are a small sample of notices sent to Defendants. |
| 11 | Notices from Talkie Communications |
| 12 | Nouces from Tarkie Communications |
| 13 | 180. On March 3, 2020, Talkie Communications ("Talkie") notified, via email, |
| 14 | Avid Telecom that Avid was sending "toll free pumping / spoofing" calls. |
| 15 | 181. Avid Telecom responded to this notice: "The ORIG number was blocked, |
| 16 | and the upstream carrier was notified." |
| 17 | 182. On March 11, 2020, Talkie notified, via email, Avid Telecom that Talkie had |
| 18 | received several complaints Avid Telecom was sending a "Google business verification |
| 19 | scam." |
| 20 | 183. Avid Telecom responded to this scam notice: "The ORIG number was |
| 21 | blocked, and the upstream carrier was notified." |
| 22 | |
| 23 | Notices from Red Telecom |
| 24 | |
| 25 | 184. On April 15, 2020, a Red Telecom, LLC employee Skype messaged Lansky |
| 26 | that he was "sending a TON" of spoofed Social Security scam calls. |
| 27 | |
| 28 | |
| | |

| 1 | 185. On January 31, 2022, in a Skype chat, Reeves notified Red Telecom that |
|----|--|
| 2 | "I've blocked Vermont." |
| 3 | 186. Upon information and belief, Defendants intentionally blocked or stopped |
| 4 | some telephone calls being routed to the State of Vermont. |
| 5 | 187. An analysis of Avid Telecom's CDRs show that Avid Telecom routed a |
| 6 | minimal amount of call traffic to Vermont's area code of 802 from January 30, 2022 to |
| 7 | April 24, 2022. |
| 8 | 188. Specifically blocking robocall traffic to an area code is another indication |
| 9 | Defendants knew their traffic was illegal and likely to draw an investigation by the |
| 10 | Vermont Attorney General. |
| 11 | 189. On March 25, 2022, in a Skype chat, Reeves notified Red Telecom, "Most |
| 12 | of my high short duration traffic will now be coming to you signed with an A." |
| 13 | 190. On May 5, 2022, in a Skype chat, when discussing a third-party call blocking |
| 14 | feature, Reeves wrote to Red Telecom that she was turning it off for some customers. |
| 15 | 191. On July 11, 2022, in a Skype chat, Red Telecom notified Reeves of a |
| 16 | Traceback, regarding calls impersonating Amazon. |
| 17 | 192. Reeves responded: "Nice- just perfect." |
| 18 | 193. On July 21, 2022, in a Skype chat, Red Telecom notified Reeves of the FCC |
| 19 | enforcement action against Sumco Panama. |
| 20 | 194. Reeves responded: "I just saw that." |
| 21 | 195. On October 5, 2022, in a Skype chat, Reeves described to Red Telecom that |
| 22 | one of Avid Telecom's customers was a "turn key solution for call centers." |
| 23 | 196. On October 11, 2022, in a Skype chat, Reeves, regarding a third-party |
| 24 | provider's honeypots, wrote to Red Telecom: "and now I know what his honeypot AI |
| 25 | sounds like. At least for now because I'm sure he will change it." |
| 26 | 197. On December 9, 2022, in a Skype chat, Red Telecom inquired about Avid |
| 27 | Telecom's lower traffic, Reeves responded: "Many insurance campaigns are over,. (sic) so |
| 28 | this may be the volume through the end of the year." |

1 198. On January 3, 2023, in a Skype chat, Red Telecom followed up on why the 2 traffic was still slow. Reeves responded: "they've slowed down their dialing. New 3 campaigns won't start until mid Jan." 4 5 Notices from Verizon 6 On December 16, 2020, Verizon sent Lansky a letter regarding the "very 199. 7 large volume of" robocalls Avid Telecom was routing to Verizon. 8 On December 16, 2020, Lansky responded: "I have asked that our VP of 200. 9 Operations quickly and thoroughly review our traffic to Verizon and make adjustments as 10 necessary to remove as much of this traffic as possible, as quickly as possible. We 11 understand the problematic issues that this type of traffic produces and clearly are willing 12 to work with Verizon to do everything possible to mitigate this traffic altogether." 13

201. On January 20, 2021, Verizon notified Lansky that Verizon was shutting off
Avid Telecom's traffic because of "unacceptable levels of illegal or unwanted robocalls."
202. Lansky responded: "We of course have not been sending you any traffic as
your pricing has not been winning any. We term over 10 million mins a day of voice traffic
with Verizon winning only a few dollars of it. We again as mentioned, can send you more
and better traffic if the pricing was better."

Notices from Call48

23 203. On September 13, 2021, Call48 notified Avid Telecom of a "high volume of
24 SPAM calls" regarding auto warranty messages.

25 204. Reeves responded: "These calls are not considered spam. Our customer has
26 Opt-Ins for their calls, and, as you know, uses valid ANI's."

28 ||

27

20

21

22

205. On October 19, 2021, Call48 notified Reeves of auto warranty robocalls
 being sent to someone whose number had been listed on the National DNC Registry since
 2006.

206. Reeves responded: "We have blocked the destination number on Avid's
network and have requested the number be removed from the customer call list."

6 207. On November 1, 2021, Call48 notified Avid Telecom of robocalls from
7 "Senior Aid Helper" to someone who was on the National DNC Registry.

8 208. Reeves responded: "We have blocked the destination number . . . on Avid's
9 switch and have requested that our customer remove the number from their call list."

209. On November 8, 2021, Call48 notified Avid Telecom of unwanted calls to a
phone number on the National DNC Registry.

12 210. Reeves responded: "We have blocked the destination number on Avid's
13 switch and have requested that our customer remove the number from their call list."

14 211. Reeves further responded: "To further confirm, our customer complies with
15 TCPA guidelines. Calls are made based on Opt Ins only."

16 212. On January 21, 2022, Call48 notified Lansky and Reeves that: "My guys are
17 complaining that you are sending his dialer traffic down 2 of the 3 conversational trunks
18 again and they are at risk of being shut down for good. Can you do what you can to clean
19 this up and get them off my back?"

20 213. On January 25, 2022, Call48 followed up that they were shutting down the
21 route because the stats were too bad.

22 214. On May 18, 2022, Call48 notified Avid Telecom that an individual was
23 receiving robocalls from the "vehicle service center" despite not consenting to the calls or
24 owning a car.

25 215. Reeves responded: "We have blocked the terminating number from Avid's
26 network and have required that our customer remove the number from all call lists."

- 27
- 28

1 216. On June 16, 2022, Call48 notified Avid Telecom of a complaint regarding 2 auto warranty calls going to someone who was on the National DNC Registry. The 3 complainant asked for more information about the owner of the calling phone number. Reeves responded: "The destination number has been blocked in Avid's 4 217. 5 switch, and we have required our customer to remove the destination number from all dialing campaigns and block the number in their switch so the number is not included in 6 7 future campaigns. As a note, our customer uses valid permission to dial. Also, per 8 regulatory requirements and contractual requirements, we do not share customer 9 information with a corresponding subpoena." 10 218. On August 20, 2022, Call48 notified Avid Telecom unwanted car warranty 11 calls, specifically that the caller does not honor the National DNC Registry. The alleged 12 calls were sent through Avid Telecom on August 15, 2022. Call48 followed up on this 13 notification several times. 14 219. On August 30, 2022, Reeves eventually responded that "customer who sent the call to Avid's network has been terminated." 15 16 17 Notices from Dorial Telecom 18 On October 12, 2020, Dorial Telecom ("Dorial") notified Avid Telecom and 220. 19 Lansky of Social Security Fraud traffic. The email included recordings of the illegal 20 robocalls. 21 221. One recording stated: "Hello, this call is from the Social Security 22 Administration. The reason for this call is to inform you that your Social Security Number 23 is suspended and there is an arrest warrant in your name. Please press one to talk to a Social 24 Security Administration officer and know more about the case." 25 A second recording stated: "This is an important notice from the Social 222. 26 Security Administration. The reason you have received this notice from our department 27 because we have found some suspicious and fraudulent activities under your Social 28

| 1 | Security Nur | mber and we are going to suspend the IP. So if you want to know about this |
|----|-----------------|--|
| 2 | and talk to o | ur representative, please press one. I repeat, press one to connect." |
| 3 | 223. | On October 8, 2021, Dorial notified Avid Telecom that Dorial's downstream |
| 4 | provider was | s complaining about auto warranty traffic. |
| 5 | 224. | Reeves responded: "The traffic is not fraud. Our customer had opt-ins and |
| 6 | uses valid Al | NI's for terminating traffic. We have removed you from our routing." |
| 7 | 225. | On November 3, 2021, Dorial notified Avid Telecom that: |
| 8 | | |
| 9 | | You sent us 34415 disconnected number calls and these are the ones we had in our database, there where (sic) many more. We cannot |
| 10 | | assign you ports and misuse them for disconnected number calling customers |
| 11 | | |
| 12 | | You sent us 9406 calls with unallocated ANI's, this is real fraud traffic, we do not want this traffic. |
| 13 | | traine, we do not want this traine. |
| 14 | 226. | On June 14, 2022, Dorial notified Reeves that: "Based on the excel sheet for |
| 15 | the new/seco | and trunk, that traffic has an SDP over 80% and an ACD of less than 10 sec. I |
| 16 | don't know v | what they are doing but I don't think that we are interested in terminating that |
| 17 | kind of traffi | c." |
| 18 | 227. | Reeves responded: "Understood." |
| 19 | 228. | Further, on August 17, 2022, Dorial's COO emailed Reeves asking why Avid |
| 20 | Telecom's tr | affic was low. |
| 21 | 229. | On August 18, 2022, Reeves responded: "the majority of our traffic is high |
| 22 | SD, low AC | D traffic." |
| 23 | 230. | Dorial's COO then asked how the traffic level was on Avid Telecom's side. |
| 24 | 231. | Reeves responded: "We saw a decline with that 2nd FCC order regarding the |
| 25 | auto warrant | y companies. Given the amount there was in the marketplace, I'm not surprised |
| 26 | it effected (st | ic) traffic." |
| 27 | 232. | The companies in the referenced FCC order were discussed above and direct |
| 28 | customers of | Avid Telecom. |
| | | |
| | | 60 |

Notices from Telco Connection 1 2 On March 31, 2022, Telco Connection notified Avid Telecom of "IRS 233. 3 impersonation calls/spoofing." 4 Avid Telecom responded: "We have blocked the ANI and notified the 234. 5 originating carrier customers of the issue." 6 235. On August 4, 2022, Telco Connection notified Avid Telecom of "IRS 7 impersonation calls/spoofing." 8 236. Avid Telecom responded: "We have blocked the ANI and notified the 9 appropriate customer." 10 11 Notices from All Access Telecom 12 13 237. On April 26, 2021, All Access Telecom notified Lansky and Reeves that: 14 "Please be advised, due to the recent multiple tickets received, All Access Telecom is 15 requesting Avid Telecom to remove customers from routing that are related to the 16 AutoWarrantyExtend US Telecom tracebacks effective ASAP." All Access Telecom 17 followed up two days later to alert Lansky and Reeves that the traffic had to be stopped. 18 238. On April 28, 2021, Lansky responded: "I believe we have already moved it 19 this morning." 20 239. On August 24, 2021, All Access Telecom notified Avid Telecom of 21 "Medicare scam" traffic. 22 23 Notices from Peerless Network 24 25 240. On March 3, 2020, Peerless Network notified Avid Telecom that: "the 26 following TNs Peerless assigned to your company are experiencing high levels of 27 complaints tied to the FTC DNC and IRS complaints." 28

| 1 | 241. | On May 21, 2021, Peerless Network notified Avid Telecom that Peerless had |
|----------|-----------------|---|
| 2 | "been made | aware of an issue from one our downstream vendors and we need you guys to |
| 3 | reach out to | your end use that is sending these call to stop sending the calls (Auto Warranty |
| 4 | scam)." | |
| 5 | 242. | Reeves responded: "What is exactly the issue with the traffic?" |
| 6 | 243. | To which, Peerless Network responded: |
| 7 | | Multiple carriers of ours have complained that the calls are for Car |
| 8 | | Warranty scams. I have instructed the NOC to immediately block until |
| 9 | | the issue can be resolved. |
| 10 | | hi this is Katie and Im giving you a call from the dealer service center we recently noticed your card extended warranty was going to expire |
| 11 | | and wanted to give you one final courtesy call before your warranty |
| 12 | | expires and your coverage is voided this would make you financially responsible for all Service Repairs press 1 now if you wish to extend |
| 13 | | or reinstate your cars warranty once again press one now or press 2 to |
| 14 | | be placed on a Do Not Call List you can also call 833-3041 for |
| 15 | 244. | On May 21, 2021, Lansky then responded: "We have blocked that customers |
| 16 17 | (sic) traffic t | o you." |
| 17 | 245. | After May 21, 2021, Avid Telecom received 53 Tracebacks from ITG |
| 19 | regarding Au | uto Warranty robocall traffic. |
| 20 | 246. | On June 7, 2021, Peerless Network provided a list of FTC complaints related |
| 21 | to DIDs Avi | d Telecom was renting or owning. |
| 22 | 247. | On June 9, 2021, Peerless Network notified Avid Telecom of unwanted calls |
| 23 | to someone o | on the National DNC Registry. The complainant specifically requested "I need |
| 24 | to know who | the carrier is and the business associated with these calls." |
| 25 | 248. | Lansky responded: "As I understand, per APNI laws, rules and regulations |
| 26 | | ave a subpoena, you nor Avid can release any records to an individual or |
| 27 | organization | |
| 28 | | |
| | | |
| | 1 | |

| 1 | 249. | On June 11, 2021, Reeves responded: "DIDs are being used by a publicly |
|----|---------------------------|--|
| 2 | traded compa | any in compliance with all regulations." |
| 3 | | |
| 4 | | Notices from Inteliquent |
| 5 | | |
| 6 | 250. | On June 26, 2020, Inteliquent ⁴⁵ notified Avid Telecom of auto warranty |
| 7 | robocalls bei | ing routed by Avid Telecom. |
| 8 | 251. | On March 3, 2021, Inteliquent notified Avid Telecom of more auto warranty |
| 9 | robocalls. | |
| 10 | 252. | On March 4, 2021, Reeves responded: "Customer has Opt Ins for all calls, |
| 11 | however, we | have blocked the terminating number." |
| 12 | 253. | Inteliquent then asked if the opt ins could be passed along to the complainant. |
| 13 | 254. | Reeves responded: "I do not have access to the Opt In." |
| 14 | 255. | On April 14, 2021, Inteliquent notified Avid Telecom of more auto warranty |
| 15 | robocalls. | |
| 16 | 256. | On April 14, 2021, Reeves responded: "Avid takes these issues and the |
| 17 | vetting of ou | ar customers very seriously. We have notified our customer of the complaint |
| 18 | and have asl | ked that they investigate. We have also taken steps to block the ANI from |
| 19 | terminating | via Avid's network." |
| 20 | 257. | On May 11, 2021, Inteliquent notified Avid Telecom of more auto warranty |
| 21 | robocalls. | |
| 22 | 258. | On June 8, 2021, Inteliquent notified Avid Telecom of more auto warranty |
| 23 | robocalls. | |
| 24 | 259. | On June 9, 2021, Avid Telecom responded: "Based on information Avid has |
| 25 | received, Cu | stomer is compliant with all requests for Opt Ins and follows guidelines with |
| 26 | regard to dia | ling. We have, however, blocked the listed ANI's from Inteliquent's network." |
| 27 | | |
| 28 | ⁴⁵ In 2021, Ir | nteliquent was acquired by Sinch. |
| | | |

| 1 | 260. | On June 15, 2021, Inteliquent notified Avid Telecom of more auto warranty |
|----------|----------------|---|
| 2 | robocalls. | |
| 3 | 261. | On June 15, 2021, Reeves responded: "Customer is compliant with |
| 4 | regulations." | |
| 5 | 262. | Inteliquent responded: "You should take another look at this. We are working |
| 6 | directly with | Verizon and their honeypot captures and those are numbers that could, in no |
| 7 | way, be opte | d in to receive anything." |
| 8 | 263. | On June 15, 2021, Inteliquent sent Avid Telecom a warning letter regarding |
| 9 | Avid Telecon | m's traffic. The letter stated, in part: |
| 10 | | Inteliquent's systems and processes have flagged your account as |
| 11 | | potentially carrying fraudulent robocalling traffic. In the past several |
| 12 | | months, we have received complaints that calls originating from your account have been used for scams and other wrongful purposes. As |
| 13 | | you know, impermissible robocalling violates the Federal Communications Commission's rules as well as other federal and |
| 14 | | state laws. |
| 15 | | We are sending you this notice to demand that you investigate, |
| 16 | | actively participate in any traceback or other investigation, and cease |
| 17 18 | | originating any traffic that may be unlawful. |
| 18 19 | 264. | Lansky responded: "Understood and we take these issues incredibly serious. |
| 20 | We have not | tified this customer of the issues and are working with them as we do with |
| 21 | customers to | help them mitigate this from our network and to keep all traffic within the |
| 22 | acceptable re | egulatory guidelines." |
| 23 | 265. | One month later, on July 13, 2021, Inteliquent emailed Lansky and Reeves, |
| 24 | stating: "It h | as been nearly a month since this initial warning was sent and we have not |
| 25 | seen improve | ement[.]" |
| 26 | 266. | On July 13, 2021, Reeves responded: "I've made the final changes to remove |
| 27 | a couple of p | roblematic customers. We've also taken steps to notify the problematic carriers |
| 28 | of the issues, | , but, again, the traffic has been removed from Inteliquent." |
| | | |

1 267. On July 22, 2021, Inteliquent notified Reeves and Lansky: "Also, we have 2 been receiving quite a few auto-warranty scam complaints and as we've sent them out to 3 our customers the traceback has come back as a few points they are receiving those from, but you are one of them. I've had to turn a few customers down for these and hope we 4 5 don't get there with AVID, can you please share some details with me on what you are doing to get these off your network?" 6

7 On July 23, 2021, Reeves responded: "As to the warranty traffic, we are 268. 8 continually working to remove this traffic from our network. We have been able to identify 9 most of our customers who are sending the traffic, but, as you know, it continues to pop up 10 from other sources."

11 269. Nevertheless, Defendants knowingly continued to route auto-warranty 12 robocall traffic.

13 270. On September 21, 2021, Inteliquent notified Avid Telecom of auto warranty 14 robocall traffic.

15 On April 11, 2022, Inteliquent sent Avid Telecom a Know-Your-Customer 271. 16 Notice because Avid Telecom's traffic was problematic. Further, Inteliquent notified 17 Defendants that their traffic was hitting a large number of honeypots.

18 Reeves replied: "We are reviewing the stats and had already resolved the SD 272. issues on both trunks. I have now removed the low ASR traffic from the SD trunk and will 19 20 monitor tomorrow to ensure the guidelines are met."

21 On July 30, 2022, Inteliquent sent Avid Telecom another Know-Your-273. 22 Customer Notice because Avid Telecom's traffic was problematic. Further, Inteliquent 23 notified Defendants that their traffic was hitting a large number of honeypots.

24

274. On September 27, 2022, Inteliquent sent Avid Telecom another Know-Your-25 Customer Notice because Avid Telecom's traffic was problematic.

26 Specifically, Inteliquent stated: "For your traffic, specific concern would be 275. 27 the spike in Tracebacks this month. Can you please take a look and advise?"

- 28
- 276. Inteliquent counted five Avid Telecom Tracebacks.

| 1 | 277. In September of 2022, Avid Telecom received at least 23 Tracebacks. Nine |
|----|--|
| 2 | of the calls that were the subject of the Tracebacks were to telephone numbers on the |
| 3 | National DNC Registry. |
| 4 | 278. Upon information and belief, fourteen of the calls were to honeypots that |
| 5 | would not have been able to provide consent to the calls received. |
| 6 | 279. Internally, on September 27, 2022, Lansky emailed Reeves: "Stupid |
| 7 | tracebacks." |
| 8 | 280. On September 27, 2022, Reeves responded to Inteliquent: "We have been |
| 9 | working with our customer to obtain the consumer permission documentation. The |
| 10 | investigation is not completed, however, the information we have received to this point is |
| 11 | valid." |
| 12 | 281. On September 14, 2022, Inteliquent notified Avid Telecom that a call Avid |
| 13 | Telecom routed went to a honeypot. |
| 14 | 282. Reeves responded: "We have blocked the destination number and have |
| 15 | notified our customer of the issue. We are requiring that the number be removed from their |
| 16 | call list." |
| 17 | 283. On November 7, 2022, Inteliquent notified Avid Telecom that it was |
| 18 | terminating the Master Service Agreement. |

| | Case 4:23-cv-00233-EJM Document 1 Filed 05/23/23 Page 67 of 141 |
|----------|--|
| | |
| 1 | |
| 2 | 284. On November 7, 2022, Lansky responded with this email: |
| 3 | From: Michael Lansky[lansky@avid-telecom.com] Sent: Mon 11/7/2022 8:02:18 PM Coordinated Universal Time Subject: RE: Termination of MSA: Avid Telecom, LLC |
| 4 | |
| 5 | I'm just shocked to receive this email. Despite what the press release implies, Avid has not been charged with doing anything wrong by the State of Indiana. They have simply issued an investigative demand for Avid to produce records. The demand is overbearing and goes well beyond anything that would be deemed reasonable in a court of law. |
| 6 | We had engaged with the Indiana State AG's office through three formally written responses and several in person meetings with our Indiana based attorney to find a way to work with the AG in order to reduce the overbearing amount of data required by the CID. As an example, they were asking for 2 years of CDRs, |
| 7 | all communications, all contracts, financials, customer payment methods, etc. During the meetings, the AG's office stated that, as they had with several other carriers, they were willing to offer a reasonable compromise regarding the requests made in the CID. We made it very clear that we were willing to respond |
| 8 | in a similar manner as those renegotiated terms. We, like the State of Indiana, have a strong desire to keep the bad guys out of our industry. We have always cooperated with all state and federal regulatory and law enforcement agencies answering all CID/Subpoena |
| 9 | As to specifics in the press release, the referenced skype quotes were over 2/3 years old and were taken completely out of context. Those quotes were part of the conversation in which we terminated the customer. Either the AG's office didn't have or chose not to release the parts of the conversation where we required the customer had to remove any traffic that was considered to be illegal for us to even consider reestablishing their route to terminate traffic. The |
| 10 | skypes show that the customer stated he had removed all questionable traffic. We therefore gave the customer a small amount of ports to test how clean the traffic was. However, we received a traceback within a few days, and we terminated the customer permanently. And to further clarify, this was prior to |
| 11 | customer receiving formal allegations/fines against him. |
| 12 | As you may know many of the recent tracebacks we have received as of late were generated by one individual who seemingly has a vendetta against Avid. Until a couple of weeks ago they were trying to sell us their services which we chose not to purchase. Somehow this person was able to see our responses to those tracebacks and sent us direct emails questioning information in our traceback response and contrary to proof in the tracebacks showing the calls were |
| 13 14 | legal, further claimed the calls to be illegal/fraud calls. Much of the information this person is sending to certain AG's is grossly misleading and most of it 100% wrong. They have now reached out to our customers directly through use of contact information gained in the ITG portal and are attempting to sell their services to our customer. |
| | I understand this decision might have been made by people who may not be aware of all of the underlying facts. Therefore, we would like to see if we can |
| 15 16 | have a conversation with you and any parties you think would be willing to further understand the chain events and our very active engagement with the Indiana AG. We have had a very strong relationship with Inteliquent/Sinch for many years and hope that Inteliquent/Sinch will allow us to tell the facts as they truly occurred. Please let us know if there is an opportunity have a discussion as we would very much like to reverse this decision. |
| 17 | Michael Lansky |
| 18 | |
| 19 | 285. On November 8, 2022, a representative from Inteliquent responded: |
| 20 | T T T T T T T T T T |
| 21 | I received both your below email and your voicemail. As you suggested, I wasn't the decision-maker here. This comes from our |
| 22 | executive team. I know, for example, that they became aware of the Indiana petition, including the Skype conversations you had with a |
| 23 | third-party, where you agreed to act as a commercial reference. They |
| 24 | were troubled by that, among other things. I'll add that our KYC policy and our approach to these sorts of matters are very strict. As |
| 25 | such, I am instructed to tell you that the decision stands. |
| 26 | |
| 27 | |
| 28 | |
| | |
| | 67 |

| | Case 4:23-cv-00233-EJM Document 1 Filed 05/23/23 Page 68 of 141 |
|----|--|
| | |
| 1 | |
| 2 | 286. Lansky responded with this email: |
| 3 | From: Michael Lansky[lansky@avid-telecom.com] Sent: Tue 11/8/2022 8:19:09 PM Coordinated Universal Time |
| 4 | Subject: RE: Termination of MSA: Avid Telecom, LLC |
| 5 | Hey Stacy, Just to address the issue you said they had a concern with. Again much that skype message was taken out of context- there was never any intention to |
| 6 | provide a commercial reference, and one was never given. |
| 7 | The customer was disconnected shortly thereafter. After 10 years of very good business with Inteliquent/Sinch to lose such a valuable business relationship over an unfounded accusation is devastating. This action rewards the bullies for making outlandish unsubstantiated and reckless claims. Again, I know that you are not the decision maker on these issues but I would hope that you can see the inequity of this situation and maybe try to see if we can just pause this and allow us to make our case. On the same issue, at a minimum we need at least 30 days to reassign/redirect the substantial amount of DID's |
| 8 | I have to believe there has to be a way to resolve this to benefit both Avid and Inteliquent/Sinch and not let politics get the better of both of us. Let us know about what we can do with the DID's in the interim. |
| 9 | Michael Lansky |
| 10 | |
| 11 | Notices from Bandwidth |
| 12 | |
| 13 | 287. On June 11, 2020, Bandwidth notified Avid Telecom and Lansky that |
| 14 | Bandwidth "has been notified that Avid Telecom has been identified as the sender of |
| 15 | improper or illegal robocalls in six different tracebacks Bandwidth's review of Avid's |
| 16 | traffic profile also raises further concerns." |
| 17 | 288. On January 20, 2021, Bandwidth notified Avid Telecom regarding spoofing |
| 18 | and possible violations of Bandwidth's Acceptable Use Policy. |
| 19 | 289. Reeves responded: "We have blocked the originating number and have |
| 20 | notified our originating carrier customer. They are working to identify their originating |
| 21 | customer and will be blocking them." |
| 22 | 290. On January 26, 2021, Bandwidth notified Avid Telecom regarding spoofing |
| 23 | and possible violations of Bandwidth's Acceptable Use Policy. |
| 24 | 291. Avid Telecom responded: "We have blocked this number." |
| 25 | 292. On April 5, 2021, Bandwidth notified Avid Telecom regarding spoofing and |
| 26 | possible violations of Bandwidth's Acceptable Use Policy. |
| 27 | 293. Avid Telecom responded to the spoofing notice: "We apologize for the issue. |
| 28 | The ANI has been blocked, and the originating customer has been notified." |
| | |

| 1 | 294. On April 24, 2021, Bandwidth notified Avid Telecom regarding spoofing |
|----|---|
| 2 | and possible violations of Bandwidth's Acceptable Use Policy. |
| 3 | 295. Reeves responded: "We have reviewed the information and have blocked the |
| 4 | ANI and notified our originating customer." |
| 5 | 296. On February 10, 2023, Bandwidth notified Avid Telecom that Bandwidth |
| 6 | has: "identified some potentially fraudulent traffic being sent by your network to these |
| 7 | areas." The area was: "USA-IA (+1712775*)". |
| 8 | 297. On February 10, 2023, Reeves responded: "We have contacted our customer |
| 9 | with regarding the nature of the traffic. In the meantime, we have removed the |

| 11 | number." |
| 12 | |
| 13 | Notices Show Defendants' Knowledge of Participation in |
| 14 | Illegal Robocalling Schemes |
| 15 | |
| 16 | 298. The notices above came from Avid Telecom's downstream providers and/or |
| 17 | ITG. |
| 18 | 299. By receiving these notices, Defendants knew their services were being used |
| 19 | to facilitate illegal robocalling. |
| 20 | 300. Despite the voluminous number of complaints and notices from multiple |
| 21 | sources, Defendants continued offering services to entities and persons sending illegal |
| 22 | robocalls. |
| 23 | 301. In several instances, despite being given evidence their clients did not have |
| 24 | the legal authority to make or initiate so many robocalls, Defendants portrayed their clients |
| 25 | as having valid consent to send robocalls. |
| 26 | 302. Defendants had ample opportunities to shut off their illegal traffic. |
| 27 | 303. In most instances, they made the business decision to continue routing illegal |
| 28 | robocalls. |
| | |

| 1 | 304. Further, the notices show a pattern of Defendants not taking illegal robocalls |
|----|---|
| 2 | seriously. In many instances, they respond that they have either blocked the calling number |
| 3 | or the called number. Then, they took no further action. This is a wholly inadequate |
| 4 | response. Avid Telecom was routing millions of robocalls per day, and blocking one |
| 5 | number, is analogous to stopping a single raindrop in a thunderstorm. |
| 6 | SAMDI INC OF AVID TELECOM/S CUSTOMEDS |
| 7 | SAMPLING OF AVID TELECOM'S CUSTOMERS |
| 8 | John Spiller and His Entities |
| 9 | |
| 10 | 305. On June 9, 2020, the States of Arkansas, Indiana, Michigan, Missouri, North |
| 11 | Carolina, North Dakota, Ohio, and Texas sued John Spiller ("Spiller"), Rising Eagle |
| 12 | Capital Group LLC, JSquared Telecom LLC, and other entities in <i>State of Texas et al. v.</i> |
| 13 | Rising Eagle Capital Group LLC et al., 4:20-cv-02021 (S.D.T.X 2020). |
| 14 | 306. John Spiller, Rising Eagle Capital Group LLC, JSquared Telecom LLC and |
| 15 | Spiller's other entity, Great Choice Telecom LLC, were customers of Avid Telecom. |
| 16 | 307. Spiller used Avid Telecom to send his own robocalls and the robocalls of his |
| 17 | customers. |
| 18 | 308. At some points in time, Spiller was a seller or telemarketer. |
| 19 | 309. From May 2019 until March 2021, Spiller used Avid Telecom to send over |
| 20 | 4 billion calls. |
| 21 | 310. In some instances, Spiller sent auto warranty robocalls to Avid Telecom. One |
| 22 | such message states: |

| 24 | warranty. You should have received something in the mail about your |
| 25 | cars extended warranty since we have not gotten a response. We are giving you a final courtesy call before we close out your file. Press |
| 26 | two to be removed and put on our do not call list press one to speak |
| 27 | with someone about possibly extending or reinstating your cars warranty. Again, press one to speak with a warranty specialist. |
| 28 | |
| | |

| 311. In some instances, the health care robocalls Spiller sent Avid Telecom delivered a pre-recorded message. One such message states: Hi, this is Ann. I am calling to let you know we have been granted a limited health enrollment period for a few weeks, so you and your family can get a great insurance plan at the price you can afford. And we make it hassle free to sign up. We have pre-approvals ready in your area including Cigna, Blue Cross, Aetna, United and many more. Press 1 to get a hassle-free assessment or press 2 to be placed on our do not call list. Thanks for your time and be healthy and blessed. 312. For most of his robocalls, Spiller did not have the call recipient's consent to call them. 313. Many of Spiller's robocalls and the robocalls of his customers were to be placed on the present of the placed on the present of the placed on the pl | |
|--|--|
| Hi, this is Ann. I am calling to let you know we have been granted a limited health enrollment period for a few weeks, so you and your family can get a great insurance plan at the price you can afford. And we make it hassle free to sign up. We have pre-approvals ready in your area including Cigna, Blue Cross, Aetna, United and many more. Press 1 to get a hassle-free assessment or press 2 to be placed on our do not call list. Thanks for your time and be healthy and blessed. 312. For most of his robocalls, Spiller did not have the call recipient's consent to call them. 313. Many of Spiller's robocalls and the robocalls of his customers were to be called a set of the set | |

| | |
| telephone numbers on the National DNC Registry and various state Do Not Call Lists. | |
| 314. Many of Spiller's robocalling customers initiated robocalls to telephone | |
| numbers on the National DNC Registry and various state Do Not Call Lists. | |
| 315. In total, three different Spiller entities paid Avid Telecom at least \$555,000. | |
| 316. Further, Avid Telecom sold Spiller tens of thousands of DIDs. | |
| 317. Avid Telecom also purchased DIDs for Rising Eagle Capital Group, which | |
| was the entity Spiller used to send illegal robocalls. | |
| 318. Defendants had direct knowledge that Spiller was sending illegal call traffic | |
| to Avid Telecom's network. | |
| 319. Defendants have been on notice since on or around January 7, 2020, that | |
| Spiller was using their services and/or network to send illegal robocalls. | |
| 320. Defendants had many opportunities to shut down Spiller's traffic and did not | |
| choose to do so. Instead, Defendants accepted hundreds of thousands of dollars from Spiller | |
| to further his illegal robocalling schemes. | |
| 321. Defendants knew Spiller was using Avid Telecom to route illegal robocalls. | |
| 322. Defendants provided substantial assistance to Spiller in this process. | |

Defendants had many opportunities to shut down Spiller's traffic and did not choose to do so. Instead, Defendants accepted hundreds of thousands of dollars from Spiller to further his illegal robocalling schemes. 321. Defendants knew Spiller was using Avid Telecom to route illegal robocalls. |

| | Case 4:23-cv-00233-EJM Document 1 Filed 05/23/23 Page 72 of 141 |
|----|--|
| 1 | Defendants Had Knowledge of Spiller's Robocalling Schemes and |
| 2 | Substantially Assisted Him |
| 3 | |
| 4 | 323. On or around January 7, 2020, Avid Telecom received its first Traceback |
| 5 | related to JSquared. |
| 6 | 324. On or around February 17, 2020, Avid received its first Traceback related to |
| 7 | JSquared for auto warranty robocalls. |
| 8 | 325. On or around June 19, 2020, Avid received its last Traceback related to |
| 9 | JSquared. |
| 10 | 326. On or around August 24, 2020, Avid received its first Traceback related to |
| 11 | Great Choice Telecom, another entity owned by Spiller. The Traceback was related to auto |
| 12 | warranty robocalls. |
| 13 | 327. Avid Telecom continued to receive Tracebacks related to Great Choice |
| 14 | Telecom until on or around December 17, 2021. |
| 15 | 328. Avid Telecom received 19 Tracebacks for JSquared Telecom's traffic. |
| 16 | 329. Avid Telecom received 22 Tracebacks for Great Choice Telecom's traffic. |
| 17 | 330. Avid Telecom received 41 Tracebacks regarding suspected or known illegal |
| 18 | traffic sent to its network by a Spiller-owned entity. |
| 19 | 331. Defendants were on notice from the Tracebacks that Spiller was using Avid |
| 20 | Telecom to route illegal robocall traffic. |
| 21 | 332. Lansky and Reeves took steps to hide Great Choice Telecom's true |
| 22 | ownership from ITG and other entities. |
| 23 | 333. Despite knowing that Spiller's traffic was illegal and that he was sending |
| 24 | calls to phone numbers on the National DNC Registry and various state Do Not Call Lists, |
| 25 | Lansky and Reeves continued working with Spiller. |
| 26 | 334. Spiller regularly communicated with Lansky and Reeves via Skype. In the |
| 27 | messages, Spiller went by the handle "onlywebleads." |
| 28 | |

| 1 | 335. On June 10, 2020, Lansky and Spiller discussed the States' lawsuit and the |
|----|---|
| 2 | FCC action and the impact it would have on Lansky and Spiller's relationship. In the end, |
| 3 | Lansky agreed to continue taking Spiller's traffic, writing: |
| 4 | Michael Lansky - 6/10/2020 10:51:05 AM |
| 5 | we are all good until something changes from the FCC etc |
| 6 | Michael Lansky - 6/10/2020 10:51:23 AM |
| 7 | meaning this goes from alagtions to something more serious (sic) |
| 8 | |
| 9 | Michael Lansky - 6/10/2020 10:51:39 AM until then we drive on as normal |
| 10 | |
| 11 | 336. On June 17, 2020, Lansky confirmed he knew Spiller was sending Avid |
| 12 | Telecom health care and auto warranty robocall traffic. |
| 13 | 337. On June 19, 2020, Spiller and Lansky discussed the creation of Great Choice |
| 14 | Telecom. Spiller was going to use Great Choice Telecom "to run my traffic if the FCC |
| 15 | shuts off my business." Spiller notified Lansky that Spiller would be the CEO of Great |
| 16 | Choice but that the paperwork would be in someone else's name. Lansky responded: "let |
| 17 | me know when you are ready to tansit (sic) over to the new company." |
| 18 | 338. In these messages, Lansky agreed to help Spiller switch his traffic to a new |
| 19 | company thus avoiding being shut down by the FCC. |
| 20 | 339. On June 25, 2020, Lansky followed up with Spiller about when Spiller was |
| 21 | going to switch the traffic to Great Choice. |
| 22 | 340. Sometime between June 25, 2020, and August 26, 2020, Lansky, Reeves, |
| 23 | and/or Avid Telecom switched Spiller's JSquared Telecom account to Great Choice |
| 24 | Telecom and replaced Spiller's information with that of Mikel Quinn. |
| 25 | 341. On August 26, 2020, in responding to Great Choice Telecom's first |
| 26 | Traceback, Avid Telecom responded to the ITG with Mikel Quinn's information, and not |
| 27 | Spiller's. |
| 28 | |
| | |

1 342. On September 30, 2020, Lansky agreed to be a credit reference for Spiller 2 and Great Choice for Peerless Network, under Spiller's alias Mikel Quinn. Lansky wrote: 3 "no worries.. I will give you a good reference." Through 2020 and 2021, Avid Telecom and Great Choice received 4 343. 5 Tracebacks regarding Great Choice's illegal robocall traffic. 344. On June 23, 2021, Reeves wrote to ITG in response to a Great Choice 6 7 Traceback: "we are closing the customer route." 8 345. On June 29, 2021, Reeves wrote to ITG in response to another Great Choice 9 Traceback: "We have blocked the customer until the issue can be investigated." 10 346. On August 26, 2021, Avid Telecom wrote to ITG in response to another 11 Great Choice Traceback: "We are informing the customer and blocking the customer 12 pending further investiation (sic)," and "The customer had previously been permanently 13 blocked." Id. 14 347. From August 26, 2021 to August 27, 2021, Lansky and Spiller discussed Avid Telecom shutting off Spiller's traffic. Lansky agreed to turn Spiller's traffic back on. 15 16 On September 2, 2021, Lansky notified Spiller to "be careful on your traffic" 348. 17 and that there was "very little room for error right now." 18 On October 14, 2021, Lansky agreed to be a reference for a business loan for 349. 19 which Spiller was applying. Spiller notified Lansky that Spiller was not using his real name 20 because he was involved in a lawsuit. 21 350. On October 27, 2021, Reeves wrote to ITG in response to another Great 22 Choice Traceback: "The customer was disconnected this morning based on previous 23 traceback received this morning." 24 351. On October 27, 2021, Lansky notified Spiller of "two USTA tickets with 25 horrible calls that you have not answered." According to Lansky, these were "pure fraud" 26 calls, and that they would have to block Spiller's traffic. 27 Spiller went on to ask if he could earn Avid Telecom back as a vendor. 352. 28

| | Case 4:23-cv-00233-EJM Document 1 Filed 05/23/23 Page 75 of 141 |
|----------|---|
| | |
| 1 | 252 Longhu regener de du |
| 2 | 353. Lansky responded: |
| 3 | Michael Lansky - 10/27/2021 1:21:07 PM if another ticket hit and we didnt have you turned off they |
| 4 5 | would tell our vendors to turn us off |
| 6 | onlywebleads - 10/27/2021 1:21:15 PM |
| 7 | Understood |
| 8 | Michael Lansky - 10/27/2021 1:21:30 PM |
| 9 | the landscape got brutal |
| 10 | onlywebleads - 10/27/2021 1:21:47 PM |
| 11 | I'm going to fix my traffic |
| 12 | Michael Lansky - 10/27/2021 1:21:51 PM lets just let is simmer for a bit |
| 13 | |
| 14 | Michael Lansky - 10/27/2021 1:22:05 PM like a week or so |
| 15 | onlywebleads - 10/27/2021 1:22:06 PM |
| 16 | Give me a week to fix my shit on my side I apologize |
| 17 18 | Michael Lansky - 10/27/2021 1:22:24 PM |
| 10 | maybe start you back with some limited ports |
| 20 | 354. Despite these warnings, Avid Telecom continued routing Spiller's call traffic |
| 21 | after October 27, 2021. |
| 22 | 355. On December 20, 2021, Reeves wrote to the ITG in response to another Great |
| 23 | Choice Traceback: "Customer route has been permanently closed." |
| 24 | |
| 25 | Sampling of Avid Telecom's Notices to Spiller Regarding Illegal Robocalls |
| 26 | |
| 27 | 356. While Spiller was a customer, Avid Telecom emailed Spiller about illegal or |
| 28 | suspect calls Spiller sent to Avid Telecom's network. |
| | |

| 1 | 357. On September 23, 2019, Avid Telecom emailed Spiller regarding a person's |
|----|---|
| 2 | complaint: "I receive an insane amount of unsolicited phones calls from telemarketers |
| 3 | despite being listed on the national do not call list."46 |
| 4 | 358. On November 4, 2019, Avid Telecom emailed Spiller another complaint: |
| 5 | "Stop all calls from Whitestone Health to my phone number immediately. [Phone |
| 6 | number] is on the DO NOT CALL REGISTRY." |
| 7 | 359. These calls to phone numbers on the National DNC Registry are clear |
| 8 | violations of the TSR prohibition of unsolicited and non-consensual telemarketing calls to |
| 9 | phone numbers on the National DNC Registry. Defendants were on notice their customer |
| 10 | was sending such calls in violation of the law. |
| 11 | 360. On February 17, 2020, Avid Telecom emailed Spiller regarding "Fraudulent |
| 12 | IRS calls." |
| 13 | 361. On February 21, 2020, Avid Telecom emailed Spiller regarding more IRS |
| 14 | scam complaints. |
| 15 | 362. On March 4, 2020, Avid Telecom emailed Spiller regarding a "Medical |
| 16 | Insurance Scam." |
| 17 | 363. On March 16, 2020, Avid Telecom emailed Spiller regarding a call to a |
| 18 | person on the "Do Not Call registry." ⁴⁷ |
| 19 | 364. On April 3, 2020, Avid Telecom emailed Spiller: "Please remove [telephone |
| 20 | number] from your calling lists as soon as possible." |
| 21 | 365. On April 3, 2020, Lansky emailed Spiller: "This number happens to belong |
| 22 | to a senior exc of one of the largest mobile providers in the country they call the President |
| 23 | of our ULC who called me so Please remove from your lists (sic)"48 |
| 24 | |
| 25 | |
| 26 | ⁴⁶ The call recipient's phone number had a Wisconsin area code. |
| 27 | ⁴⁷ The call recipient's phone number had a New York area code. |
| 28 | ⁴⁸ ULC stands for Underlying Carrier. |
| | |

| 1 | 366. On April 8, 2020, Avid Telecom emailed Spiller regarding robocalls to a |
|----|--|
| 2 | number on the National DNC Registry. |
| 3 | 367. On April 20, 2020, Avid Telecom emailed Spiller regarding spoofed |
| 4 | robocalls. |
| 5 | 368. On June 15, 2020, Avid Telecom emailed Spiller regarding unsolicited calls |
| 6 | to a phone number on the National DNC Registry. ⁴⁹ |
| 7 | 369. On June 26, 2020, Avid Telecom emailed Spiller regarding auto warranty |
| 8 | robocalls. |
| 9 | 370. Further, in a deposition, Spiller testified that Lansky, personally, helped |
| 10 | Spiller with the content of Spiller's prerecorded messages. |
| 11 | |
| 12 | The Sumco Auto Warranty Calling Scheme |
| 13 | |
| 14 | 371. Before joining Avid Telecom, Defendant Reeves worked at Modok, LLC |
| 15 | ("Modok") from June 2017 to June 2020 as the Director of Network Operations. Modok |
| 16 | was a VoIP service provider which ceased business following an action by the Michigan |
| 17 | Attorney General's Office for its role in facilitating illegal robocalls. ⁵⁰ Robocalls |
| 18 | specifically at issue in the action included "Social Security Administration scams" and |
| 19 | "suspected auto warranty scams." |
| 20 | 372. In her position with Modok, Reeves knew the type of robocall traffic that |
| 21 | Modok facilitated which caused it to be the subject of the Michigan law enforcement action |
| 22 | and ultimately caused it to shut down in August of 2020. |
| 23 | |
| 24 | |
| 25 | |
| 26 | ⁴⁹ The call recipient's phone number had a California area code. ⁵⁰ Assurance of Voluntary Compliance of Modok, LLC, State of Michigan Attorney |
| 27 | ⁵⁰ Assurance of Voluntary Compliance of Modok, LLC, State of Michigan Attorney General Dana Nessel, August 3, 2020. |
| 28 | |
| | |

- 373. Sumco was a customer of Modok from January 1, 2020, through July 2020.
 Reeves assisted in its onboarding as a new retail (end-user) customer. Modok knew that
 Sumco was a high-volume call center customer delivering auto warranty robocalls.
- 374. In her position at Modok, Reeves knew the type of robocall traffic that Sumco
 initiated as she corresponded with the ITG regarding Traceback requests related to
 Sumco's robocall traffic. Within four months of opening the Sumco account, Modok had
 received 11 Traceback requests regarding Sumco's traffic.

8 375. Due to pressure Modok was receiving from the ITG to mitigate Sumco's 9 robocall traffic, Modok opened a new wholesale account in April of 2020 for Sumco under 10 the name, Virtual Telecom Kft. Virtual Telecom Kft ("Virtual Telecom") was registered 11 as a 499 Filer with the FCC and was purportedly located in Budapest, Hungary. Modok 12 set up a wholesale account for Sumco so that Modok would no longer appear to be the 13 originating voice service provider for the Sumco robocall traffic. Reeves assisted with the 14 account set up for Virtual Telecom and facilitated the acquisition of over 800,000 DID numbers for Sumco's use. 15

376. On June 17, 2020, Avid enrolled Virtual Telecom Kft as a wholesale voice
service provider customer.

18 377. Virtual Telecom provided Avid with an address from Budapest, Hungary and
19 a Proton email address, which is an encrypted email service based in Switzerland.

378. Avid allowed Virtual Telecom to enroll for its VoIP service without
executing a written agreement regarding the terms of services as Virtual Telecom agreed
to pay in advance for its services. Avid set up Virtual Telecom with its "Dialer Special"
service, a plan designed for short duration call traffic. This plan enabled Virtual Telecom
to utilize 5000 VoIP sessions with each of the sessions able to initiate 300 simultaneous
calls per session.

379. Within one week, Defendant Lansky increased Virtual Telecom's calling
capabilities by adjusting the account settings to triple the sessions to 15,000 with 1,000
simultaneous calls per session.

1 380. By August 28, 2020, Lansky had increased the calling capabilities to allow 2 40,000 sessions with each session able to initiate 3000 simultaneous calls per session. 3 Reeves took a position with Avid as the Vice President of Operations and 381. 4 Sales in October of 2020. According to account history records, Reeves first accessed and 5 performed tasks related to Virtual Telecom's account on October 27, 2020. 382. Following a temporary reduction in Virtual Telecom's call capacity on 6 7 September 21, 2020, to 30,000 sessions with 3,000 calls per session, Reeves increased the 8 calling capabilities on the account to back 40,000 sessions with 3,200 calls per session on 9 December 9, 2020. 10 383. Defendants provided these astounding call capabilities while knowing or 11 consciously avoiding knowing that its customer was engaged in or facilitating illegal 12 robocalling. 13 384. On August 25, 2020, Lansky changed the name and contact information in 14 Avid Telecom's account management system for Virtual Telecom's account to Mobi Telecom, LLC ("Mobi"). 15 16 385. Mobi was a newly formed company registered with the Wyoming Secretary 17 of State in June of 2020 and registered in the FCC's 499 Filer database as an interconnected 18 VoIP provider on April 1, 2020. 19 386. Avid received its first Traceback request from the ITG on August 18, 2020 20 related to robocalls from Virtual Telecom. The Traceback request showed that Virtual 21 Telecom was facilitating auto warranty robocalls. As is customary with Traceback 22 requests, the ITG provided a transcript of the robocall campaign at issue: Call Details for Traceback #2917 (new) 23 Date/Time: 2020-08-18 13:59 UTC 24 Campaign: VZ-AutoWarrantyExtend Calls to wireless numbers offering to extend or reinstate an auto warranty. Random auto-dialing. Wireless numbers never been in service 25 or currently not in service. Message: We've been trying to reach you concerning your car's extended warranty you should have received something in the mail about your car's extended since we have not gotten a response we are giving you a final courtesy call before we 26 close out your file press 2 to be removed and put on our do not call list press 1 to speak with someone about possibly extending or reinstating your car's warranty again press 1 to speak with a warranty specialist when calling from automotive services if you would like to 27 be removed from our calling list please call toll-free 844-989-1708 28

387. The Traceback request provided Avid with notice and evidence of the abusive nature of the robocall campaign at issue. The Traceback stated that robocalls were being made to wireless numbers and via random autodialing, including calls to wireless numbers that had never been in service or were currently not in service.

388. Random dialing and playing a prerecorded message is a violation of the TSR
and the TCPA, as prerecorded messages require express consent from the called party.
There is no way a randomly dialed number consented to receive a prerecorded call.
Defendants were on notice their customer was violating the TSR and the TCPA.

389. The Traceback request also provided a transcript of the robocall message.
Contrary to the requirements of federal and state telemarketing laws, the transcript showed
the prerecorded messages were sent with no disclosure as to the entity responsible for the
solicitation.

Avid Telecom reported to the ITG that the auto warranty traffic came from
Mobi Telecom, despite knowing that payments related to this account never came from
Mobi Telecom. Avid accepted over \$2,426,000 in payments for services on this account
from at least four different Sumco entities including:

a. at least \$277,000 from Virtual Telecom, with the first payment taking place on November 4, 2020, after the name change on the account, and the final payment occurring on March 17, 2021;

b. at least \$678,000 from Davis Telecom, with the first payment occurring on August 11, 2020, and the final payment occurring on March 24, 2021;

- c. at least \$1,398,000 from Nadis Consulting, with the first payment occurring on April 2, 2021, and the final payment occurring on November 2, 2021; and

1 2

3

4

d. at least \$76,000 from Hoba Consulting, with the first payment occurring on March 4, 2022, and the final payment occurring July 7, 2022.

391. Avid also supplied DID numbers used for caller ID to another Sumco entity, 5 Geist Telecom, LLC ("Geist"), which were likely paid for by the same third-party entities 6 as the Virtual Telecom/Mobi account. On January 19, 2021, the Wisconsin Department of 7 Agriculture, Trade and Consumer Protection issued a subpoena to Avid Telecom. The 8 subpoena stated that the office was investigating possible violations of its consumer 9 protection laws, including its telemarketing and direct solicitations statutes. The subpoena 10 demanded records related to a telephone number associated with an "auto warranty" 11 telephone solicitation. Avid Telecom produced records which indicated it "supplied" the 12 target telephone number plus an additional 9,784 DIDs with Wisconsin area codes to its 13 customer, Geist Telecom, LLC, 905 Broadway Street, Sheridan, Wyoming 82801. Avid 14 Telecom supplied the telephone numbers to Geist, despite the fact that Geist was not 15 obtaining VoIP services from Avid Telecom. 16

- 392. The Ohio Attorney General's Office issued a subpoena to Avid related to the
 Virtual Telecom/Mobi Telecom account on February 10, 2021, referencing its
 investigatory authority under the Ohio's Consumer Sales Practices Act and Telephone
 Solicitation Sales Act.
- 393. Avid provided substantial assistance and support to Sumco and its related
 entities while they initiated many of the auto warranty calls that plagued the United States
 over the last few years.
- 394. From June 2020 to February 2021, Avid facilitated over 5 billion calls for
 Sumco through the Virtual Telecom/Mobi Telecom account. A review of call analytics for
 the Virtual Telecom/Mobi Telecom traffic illustrates that the traffic is unwanted robocalls.
 Of the 5 billion calls Avid facilitated, approximately 80% were less than 6 seconds in
 duration, with approximately 96% of the calls having a duration of less than 30 seconds.

Of the 5 billion calls facilitated, calls were made to approximately 650 million unique
 telephone numbers throughout the United States.

3

4

5

6

395. Defendants knew or consciously avoided knowing that their customer was initiating massive volumes of robocalls to cellular and residential telephone numbers without having the requisite prior express written consent to deliver robocalls to 650 million unique telephone numbers.

396. Many of Virtual Telecom's/Mobi Telecom's calls were to telephone numbers
on the National DNC Registry and various state Do Not Call Lists. Of the 5 billion calls
Avid facilitated, at least 100 million of them were placed to over 9 million telephone
numbers with Ohio area codes that were listed on the National DNC Registry for at least
31 days at the time of the call.

397. Reeves knew from her employment at Modok that call center client, Sumco,
changed its name to Virtual Telecom and that Virtual Telecom subsequently became an
Avid customer. Despite knowing that different entities were paying Avid Telecom for the
VoIP service provided to the account in the name of Virtual Telecom and subsequently,
Mobi Telecom, Defendants reported to the ITG only that the robocall traffic came from
Mobi Telecom.

18

398. Defendants knew the true identity of the upstream provider.

Avid Telecom and Lansky have been on notice since as early as August 18,
 2020, that Virtual Telecom and Mobi were using Avid's services to send illegal robocalls.
 400. Reeves has been on notice since as early as October 2020 that Sumco and its
 affiliated entities were using Avid's services to send illegal robocalls.

401. The illegal robocall traffic associated with the Virtual Telecom/Mobi account
was brought to Defendants' attention on many occasions. Avid had the authority and the
responsibility to mitigate the robocall traffic and failed to do so. Instead, they chose to
accept millions of dollars in revenue while enabling Sumco, Virtual Telecom, and/or Mobi
Telecom in furthering their illegal robocalling schemes.

402. Avid provided substantial assistance and support to the Sumco, Virtual
 Telecom, and/or Mobi Telecom and Geist Telecom by providing VoIP services necessary
 for the initiation of the robocalls and DIDs used for caller ID.

4 403. Defendants had direct knowledge that Sumco was sending them illegal call
5 traffic.

6

7

8

INDIVIDUAL LIABILITY OF DEFENDANTS LANSKY AND REEVES

9 404. Defendants Lansky and Reeves are also both individually liable for the
10 conduct alleged herein.

405. Defendants Lansky and Reeves, as officers of Michael D. Lansky, LLC, 11 possessed and exercised the authority to control the policies and trade practices of Michael 12 D. Lansky, LLC; were responsible for creating and implementing the illegal policies and 13 trade practices of Michael D. Lansky, LLC that are described herein; participated in the 14 illegal trade practices that are described herein; directed or supervised those employees of 15 Michael D. Lansky, LLC who participated in the illegal trade practices that are described 16 herein; and knew or should have known of the illegality of the trade practices that are 17 described herein and had the power to stop them, but rather than stopping them, promoted 18 their use. 19

20 406. The Court should also pierce the corporate veil between Defendants Michael
21 D. Lansky, LLC and Defendant Lansky.

407. Michael D. Lansky, LLC and Lansky demonstrated a complete lack of
respect to the separate identities of each entity and comingled corporate and personal
assets.

408. Lansky controlled Michael D. Lansky, LLC's corporate bank account(s),
corporate credit card(s), corporate check book(s), and corporate PayPal account(s). These
accounts comingled money for Lansky's personal business.

| 1 | 409. Lansky's use of corporate funds for personal expenses not only illustrates the | |
|----|--|-----|
| 2 | lack of respect for the separateness of the corporate entity, but it also diverted assets from | |
| 3 | the corporation to fund substantial personal expenses, limiting the corporation's abilities | |
| 4 | to satisfy remedial obligations. | |
| 5 | 410. Lansky used the Michael D. Lansky, LLC corporate credit card, bank | |
| 6 | account, and/or PayPal account for non-corporate purchases. | |
| 7 | 411. For example, those purchases included: | |
| 8 | a. Ancestry.com DNA LLC; | |
| 9 | b. Bandcamp for the full digital discography (9 releases) by Clann An | |
| 10 | Drumma; | |
| 11 | c. Payment for the SMHS reunion for Michael Lansky and another | |
| 12 | person; | |
| 13 | d. Payment for a "Michael Lansky for Bicycle replacement;" and | |
| 14 | e. Payment for "Bachelor Party lodging." | |
| 15 | | |
| 16 | 412. Defendant Lansky controlled the illegal conduct of Michael D. Lansky, LLC | |
| 17 | and is vicariously liable for its conduct. | |
| 18 | 413. Defendant Lansky operated through Michael D. Lansky, LLC and their | |
| 19 | conduct was one and the same. | |
| 20 | 414. Defendants Lansky's conduct through Michael D. Lansky, LLC, has caused | |
| 21 | harm to consumers. | |
| 22 | 415. Treating Michael D. Lansky, LLC and Lansky as separate entities would | |
| 23 | further sanction a fraud, promote injustice, and lead to an evasion of legal obligations. | |
| 24 | 416. Defendants Lansky and Reeves are liable for the illegal conduct alleged | |
| 25 | herein because they directly participated in the conduct, authorized and directed others who | |
| 26 | committed the illegal conduct with knowledge of its illegality, and in the case of Lansky, | |
| 27 | because he controlled the illegal conduct of Michael Lansky, LLC and acted through his | |
| 28 | company to harm others. | |
| | | i i |

Case 4:23-cv-00233-EJM Document 1 Filed 05/23/23 Page 85 of 141

1 2

INDIANA: CERTIFICATE OF TERRITORIAL AUTHORITY

417. To be a communications service provider that offers services in Indiana, a 3 VoIP provider must have a Certificate of Territorial Authority ("CTA"). 4

A VoIP provider applies for a CTA with the Indiana Utility Regulatory 418. 5 Commission. 6

The Indiana Utility Regulatory Commission then approves or disapproves 419. 7 the application. 8

420. Providers must receive a CTA to offer these services in Indiana: advanced 9 services, broadband service, information services, Internet Protocol-enabled services, 10 and/or telecommunications services. 11

421. At the time of this filing, Avid Telecom has not applied for a CTA or been 12 granted a CTA. 13

422. Further, Defendants transmitted or routed calls to the telephone numbers on 14 the Indiana Do Not Call List. On August 1, 2022, the Office of the Indiana Attorney 15 General issued a Civil Investigative Demand ("CID") to Avid Telecom related to, among 16 other things, Avid Telecom assisting and facilitating persons or entities sending calls to 17 telephone numbers on the Indiana Do Not Call List in violation of Indiana law. The CID 18 made it clear Avid Telecom was the target of the investigation. On November 1, 2022, the 19 Office of the Indiana Attorney General petitioned an Indiana court to enforce the CID. In 20 the petition, the Office of the Indiana Attorney General highlighted that it was investigating 21 Avid Telecom for violating Indiana law regarding the Indiana Do Not Call List. 22

23

423. Defendants have been on notice that their clients are sending calls to Hoosiers who have telephone numbers on the Indiana Do Not Call List. Defendants have 24 substantially assisted and facilitated or supported these clients in violating Indiana law. 25 These clients were sellers and/or callers, and many of their calls were telephone sales calls. 26

424. In an analysis of a sampling of Call48 CDRs related to Defendants' traffic, 27 from September 2022 to December 2022, Defendants routed at least 11,369 phone calls to 28

1 Hoosiers on the Indiana Do Not Call List. During that time period, Defendants routed 2 approximately 29,700 telephone calls to Indiana area codes. 3 Upon information and belief, Defendants helped sellers and/or callers make 425. many more calls to Hoosiers on the Indiana Do Not Call List after Defendants were on 4 5 notice their clients were making calls to Hoosiers on the Indiana Do Not Call List. 6 COUNT I 7 **Violations of the Telemarketing Sales Rule** 8 16 C.F.R. §§ 310.3-310.4 9 10 426. Plaintiffs incorporate and reallege each of the preceding paragraphs as if fully 11 set forth herein. 12 427. Pursuant to the Telemarketing Act, Congress directed the FTC to enact rules 13 prohibiting abusive and deceptive telemarketing acts or practices. 15 U.S.C. § 6102(a)(1). 14 428. In response to this direction, the FTC adopted the TSR, 16 C.F.R. § 310 et 15 seq. 16 The TSR prohibits abusive and deceptive acts or practices by "sellers"⁵¹ or 429. 17 "telemarketers"⁵² and, under 16 C.F.R. § 310.3(b), further prohibits persons from providing 18 substantial assistance or support to any seller or telemarketer when that person knows or 19 consciously avoids knowing that the seller or telemarketer is engaged in any act or practice 20 that violates the TSR. 21 22 23 ⁵¹ 16 C.F.R. § 310.2(dd) defines "seller" as "any person who, in connection with a telemarketing transaction, provides, offers to provide, or arranges for others to provide 24 goods or services to the customer in exchange for consideration." 25 ⁵² 16 C.F.R. § 310.2(gg) defines "telemarketing," in relevant part, as "a plan, program, or 26 campaign which is conducted to induce the purchase of goods or services . . . by use of one or more telephones and which involves more than one interstate telephone call." 16 C.F.R. 27 § 310.2(ff) defines "telemarketer" as "any person who, in connection with telemarketing, 28 initiates or receives telephone calls to or from a customer or donor."

430. Many of the illegal robocalls that Defendants transmitted onto and across
 Avid Telecom's network constitute telemarketing and were created and initiated by sellers
 and/or telemarketers within the scope of the TSR.

Defendants, on numerous occasions, provided substantial assistance or 4 431. 5 support to sellers and telemarketers that were violating the TSR in contravention of 16 C.F.R. § 310.3(b) by providing services including but not limited to: retail or wholesale 6 voice termination; dialing software, including the use of a predictive dialer; helping 7 8 customers with DID rotation; DID assignment; providing leads for customers to call; and 9 providing expertise, whether formal or informal directly or indirectly, to one or more, "sellers" and/or "telemarketers" engaged in "telemarketing" as defined by the TSR, 16 10 11 C.F.R. § 310.2, that Defendants knew, or consciously avoided knowing:

26

27

28

- a. Misrepresented material aspects of goods or services, in violation of 16 C.F.R. § 310.3(a)(2)(iii);
 - b. Misrepresented the seller's or telemarketer's affiliation with corporations or government entities, in violation of 16 C.F.R. § 310.3(a)(2)(vii);
 - c. Made false or misleading statements to induce any person to pay for goods or services, in violation of 16 C.F.R. § 310.3(a)(4);
- d. Failed to transmit or cause to be transmitted the real telephone number and the name of the telemarketer to caller identification services used by call recipients in violation of 16 C.F.R. § 310.4(a)(8);

e. Initiated or caused the initiation of outbound calls to telephone numbers on the National DNC Registry, in violation of 16 C.F.R. § 310.4(b)(1)(iii)(B);

f. Initiated or caused the initiation of outbound telephone calls that delivered prerecorded messages, in violation of 16 C.F.R. § 310.4(b)(1)(v); and/or

g. Failed to disclose the identity of the seller of the goods or services truthfully, promptly, and in a clear and conspicuous manner to the person receiving the call, in violation of 16 C.F.R. § 310.4(d)(1).

COUNT II

<u>Violations of the TCPA – 47 U.S.C. § 227 and 47 C.F.R. § 64.1200(n)(3)</u> (Failure to Exercise Due Diligence/KYC)

9
432. Plaintiffs incorporate and reallege each of the paragraphs preceding Count I as if fully set forth herein.

433. To target and eliminate unlawful robocalls, the FCC requires that all
originating voice service providers know their customers and exercise due diligence in
ensuring that their services are not used to originate illegal traffic and further recommends
that voice service providers exercise caution in granting access to high-volume origination
services, to ensure that bad actors do not abuse such services.⁵³

434. The FCC has authorized and encouraged voice service providers to block
calls in specific circumstances.⁵⁴ TCPA rule 47 C.F.R. § 64.1200(k) provides that voice
service providers may block calls so that they do not reach a called party when the calls
purport to originate from:

20a.Numbers where the subscriber of the originating number has
requested that calls purporting to originate from that number be
blocked because the number is used for inbound calls only (Do Not
Originate list numbers);

b. Numbers that are not valid under the North American Numbering Plan ("NANP");

| 1 | c. Valid NANP numbers that are not allocated to a provider by the |
|----|--|
| 2 | NANP Administrator or Pooling Administrator; and |
| 3 | d. Valid NANP numbers that are allocated to a provider by NANP or the |
| 4 | Pooling Administrator but are unused, so long as the provider |
| 5 | blocking the calls is allocatee of the number and confirms that the |
| 6 | number is unused or has obtained verification from the allocatee that |
| 7 | the number is unused at the time of the blocking. |
| 8 | |
| 9 | 435. TCPA rule 47 C.F.R. § 64.1200(n)(3) provides that a voice service provider |
| 10 | must take affirmative, effective measures to prevent new and renewing customers from |
| 11 | using its network to originate illegal calls, including knowing its customers and exercising |
| 12 | due diligence in ensuring that its services are not used to originate illegal traffic. |
| 13 | 436. Defendants did not choose to regularly, if at all, block calls made from |
| 14 | telephone numbers that the FCC has authorized could be blocked so that those calls do not |
| 15 | reach a called party pursuant to 47 C.F.R. § 64.1200(k). |
| 16 | 437. Defendants violated 47 C.F.R. § 64.1200(n)(3) by failing to take affirmative, |
| 17 | effective measures to prevent new and renewing customers from using its network to |
| 18 | originate illegal calls, including knowing its customers and exercising due diligence in |
| 19 | ensuring that its services are not used to originate illegal traffic. |
| 20 | |
| 21 | <u>COUNT III</u> |
| 22 | <u>Violations of the TCPA – 47 U.S.C. §§ 227(b)(1)(A)(iii) and (b)(1)(B)</u> |
| 23 | (Robocalls to Cellular and Residential Telephone Lines) |
| 24 | |
| 25 | 438. Plaintiffs incorporate and reallege each of the paragraphs preceding Count I |
| 26 | as if fully set forth herein. |
| 27 | |
| 28 | |
| | |

1 2 439. In enacting the TCPA, Congress determined that unwanted prerecorded voice message calls were a greater nuisance and invasion of privacy than live calls and that such calls delivered to wireless phones can be costly.⁵⁵

3 4

4 440. The TCPA, 47 U.S.C. § 227(b)(1)(A)(iii), prohibits any person within the
5 United States, or any person outside the United States if the recipient is within the United
6 States, from making any call using an automatic telephone dialing system or an artificial
7 or prerecorded voice to any cellular telephone, with exceptions for certain emergency calls
8 or calls placed with the prior express consent of the called party.

9 441. The TCPA, 47 U.S.C. § 227(b)(1)(B), prohibits any person within the United
10 States, or any person outside the United States if the recipient is within the country, from
11 initiating any telephone call to any residential telephone line using an artificial or
12 prerecorded voice to deliver a message without the prior express consent of the called party,
13 unless the call is initiated for emergency purposes, or is exempted by rule or order of the
14 FCC under 47 U.S.C. § 227(b)(2)(B).

442. Defendants violated 47 U.S.C. §§ 227(b)(1)(A)(iii) and (b)(1)(B) by
engaging in a pattern or practice of initiating telephone calls to residential and cellular
telephone lines using artificial or prerecorded voices to deliver messages without the prior
express consent of the called parties.

443. Defendants violated 47 C.F.R. § 64.1200(a)(2) by engaging in a pattern or
practice of initiating or causing telephone calls to be initiated that include or introduce
advertisements or constitute telemarketing to cellular telephone lines using artificial or
prerecorded voices to deliver messages without the prior express written consent of the
called parties.

- 24
- 25

 ⁵⁵ Rules and Regulations Implementing the Telephone Consumer Protection Act of 1991, CG Docket No. 02-278, Report and Order, 18 FCC Rcd 14014, 14115, para 165 (2003)
 (2003 TCPA Order).

444. Defendants violated 47 C.F.R. § 64.1200(a)(3) by engaging in a pattern or
 practice of initiating telephone calls to residential telephone lines using artificial or
 prerecorded voices to deliver messages without the prior express written consent of the
 called parties.

5 445. Defendants transmitted calls delivering prerecorded or artificially voiced
6 messages to cellular and residential telephone lines to consumers in each of the Plaintiffs'
7 respective jurisdictions.

8 446. Defendants initiated calls that terminated within Plaintiffs' jurisdictions
9 because the calls would not have connected, but for Defendants' decision to allow them to
10 transit their network despite having actual knowledge that many of the calls were scam
11 robocalls delivering prerecorded or artificially voiced messages.

447. Defendants knew or should have known that many of these calls violated 47
U.S.C. § 227(b)(1)(A)(iii) and (b)(1)(B).

COUNT IV

<u>Violations of the TCPA – 47 U.S.C. §§ 227(c) and 47 C.F.R. § 64.1200(c)(2)</u> (Calls to Telephone Numbers on the National DNC Registry)

19 448. Plaintiffs incorporate and reallege each of the paragraphs preceding Count I20 as if fully set forth herein.

449. The TCPA, under 47 U.S.C. § 227(c)(1), recognized that there is a need to
protect residential telephone subscribers' privacy rights to avoid receiving telephone
solicitations to which they object. In order to meet this directive, a single national database
of telephone numbers was compiled of residential subscribers who objected to receiving
telephone solicitations. *See* 47 U.S.C. § 227(c)(3).

26 450. Pursuant to 47 C.F.R. § 64.1200(c)(2), all persons and entities are prohibited
27 from initiating any telephone solicitation to a residential telephone subscriber who has

28

14

15

16

17

| 1 | registered his or her telephone number on the National DNC Registry, which registrations |
|----|---|
| 2 | must be honored indefinitely, or until the registration is cancelled by the consumer. |
| 3 | 451. Defendants violated 47 C.F.R. § 64.1200(c)(2) by engaging in a pattern or |
| 4 | practice of initiating telephone solicitations to residential telephone subscribers in the |
| 5 | Plaintiffs' respective jurisdictions who have registered their telephone numbers on the |
| 6 | National DNC Registry. |
| 7 | 452. Defendants knew or should have known that many, if not most, of these calls |
| 8 | were made in violation of 47 C.F.R. § 64.1200(c)(2). |
| 9 | |
| 10 | <u>COUNT V</u> |
| 11 | Violations of the Truth in Caller ID Act – 47 U.S.C. § 227(e) |
| 12 | (Prohibition Against Spoofing) |
| 13 | |
| 14 | 453. Plaintiffs incorporate and reallege each of the paragraphs preceding Count I |
| 15 | as if fully set forth herein. |
| 16 | 454. The TCPA, 47 U.S.C. § 227(e)(1) and 47 C.F.R. § 64.1604(a), prohibit any |
| 17 | person or entity within the United States, or any person or entity outside the United States |
| 18 | if the recipient is within the United States, with the intent to defraud, cause harm, or |
| 19 | wrongfully obtain anything of value, from knowingly causing, directly or indirectly, any |
| 20 | caller identification service to transmit misleading or inaccurate caller identification |
| 21 | information in connection with any voice service or text messaging service. |
| 22 | 455. In enforcement actions, the FCC has found that when an entity spoofs a large |
| 23 | number of calls in a robocall campaign, it causes harms to the subscribers of the numbers |
| 24 | that are spoofed, the consumers who receive the spoofed calls and the terminating providers |
| 25 | forced to deliver calls to consumers and the handle the "consumers' ire," thereby increasing |
| 26 | their costs. ⁵⁶ |
| 27 | ⁵⁶ John C. Spiller et al., File No.: EB-TCD-18-0027781, Notice of Apparent Liability for |
| • | |

28 Forfeiture, 35 FCC Rcd 5948, 5957-61, paras 23-33 (2020).

| 1 | 456. The FCC has further held when spoofing is done in conjunction with an |
|----|--|
| 2 | illegal robocalling campaign-itself a harmful practice-it indicates an intent to cause |
| 3 | harm. ⁵⁷ |
| 4 | 457. Defendants violated 47 U.S.C. § 227(e)(1) and 47 C.F.R. § 64.1604(a) by |
| 5 | knowingly causing the caller identification services of the recipients of their call traffic |
| 6 | with spoofed phone numbers to transmit misleading or inaccurate caller identification |
| 7 | information. |
| 8 | 458. Defendants knew or should have known that they accepted and profited from |
| 9 | illegal robocalls with misleading or inaccurate spoofed phone numbers, which sought to |
| 10 | defraud, cause harm, or wrongfully obtain things of value from the call recipients. |
| 11 | |
| 12 | <u>COUNT VI</u> |
| 13 | By State of California for Violations of Business and Professions Code Section 17200 |
| 14 | (Unfair Competition) |
| 15 | |
| 16 | 459. Plaintiff State of California incorporates and realleges each of the paragraphs |
| 17 | preceding Count I as if fully set forth herein. |
| 18 | 460. Defendants have engaged in and continue to engage in unfair competition as |
| 19 | defined in California Business & Professions Code section 17200. Defendants' acts of |
| 20 | unfair competition include, but are not limited to, the following: |
| 21 | a. Defendants, either directly or indirectly as a result of a third party |
| 22 | acting on their behalf, have violated 16 CFR §§ 310.3-310.4 by |
| 23 | providing substantial assistance or support, through provision of Avid |
| 24 | Telecom's services as set forth in Count I, to one or more sellers or |
| 25 | telemarketers who Defendants knew or should have known were |
| 26 | |
| | |
| 27 | ⁵⁷ Roesel Notice of Apparent Liability. 33 FCC Rcd at 9218-19, para. 40. |
| | ⁵⁷ Roesel Notice of Apparent Liability. 33 FCC Rcd at 9218-19, para. 40. |

engaged in the deceptive or abusive telemarketing acts or practices set forth in Count I, above.

b. Defendants, either directly or indirectly as a result of a third party acting on its behalf, have violated 47 C.F.R. § 64.1200(n)(3) and 47 U.S.C. § 227 by failing to take affirmative, effective measures to prevent new and renewing customers from using their network to originate illegal calls as set forth in Count II, above.

c. Defendants, either directly or indirectly as a result of a third party acting on its behalf, have violated 47 C.F.R. §§ 64.1200(a)(2), and 64.1200(a)(3) and 47 U.S.C. §§ 227 (b)(1)(A)(iii) and (b)(1)(B) by engaging in a pattern or practice of initiating telephone solicitations to cellular and residential telephone lines, including lines in California, using artificial or prerecorded voices to deliver a message without the prior express consent of the called party and where the call was not initiated for emergency purposes or exempted by rule or order of the Federal Communications Commission under 47 U.S.C. § 227(b)(2)(B), as set forth in Count III, above.

Plaintiff, the People of the State of California, by and through its attorney, 461. Rob Bonta, Attorney General of the State of California, is authorized by 47 U.S.C. § 227(f)(1) to file actions in federal district court to enjoin violations and enforce compliance with the Telephone Consumer Protection Act ("TCPA") on behalf of residents of the State of California and to obtain actual damages or damages of \$500 for each violation and up to treble that amount for each violation committed willfully or knowingly. Plaintiff, the People of the State of California, by and through its attorney, Rob Bonta, Attorney General of the State of California, is authorized by California Business & Professions Code sections 17204 and 17206 to obtain injunctive relief to halt acts of unfair competition and enforce

1 compliance with California Business & Professions Code section 17200 and for civil 2 penalties of up to \$2,500 for each violation of Business & Professions Code section 17200. 3 COUNT VII 4 **Violations of Chapter 501, Part II, Florida Statutes** 5 6 Plaintiff State of Florida incorporates and realleges each of the paragraphs 462. 7 preceding Count I as if fully set forth herein. 8 FDUTPA states that "[u]nfair methods of competition, unconscionable acts 463. 9 or practices, and unfair or deceptive acts or practices in the conduct of any trade or 10 commerce are hereby declared unlawful." § 501.204, Florida Statutes. 11 464. The provisions of FDUTPA are to be construed liberally to promote the 12 protection of the consuming public and legitimate business enterprises from those who 13 engage in unfair methods of competition, or unconscionable, deceptive, or unfair acts or 14 practices. § 501.202, Florida Statutes. 15 465. FDUTPA defines a "violation of this part" to include violations of the Act 16 based on "[a]ny rules promulgated pursuant to the Federal Trade Commission Act" or 17 "[a]ny law, statute, rule, regulation, or ordinance which proscribes unfair methods of 18 competition, or unfair, deceptive, or unconscionable acts or practices." § 501.203(3), 19 Florida Statutes. 20 466. "A violation of the TSR constitutes an unfair and deceptive act or practice in 21 violation of § 5(a) of the FTC Act." United States v. Dish Network, L.L.C., 75 F. Supp. 3d 22 942, 1004 (C.D. Ill. 2014). 23 467. The TSR's enabling statute is the Telemarketing and Consumer Fraud and 24 Abuse Prevention Act (15 USC §§ 6101-08). 25 468. Under 15 U.S.C. § 6102(c)(1) violations of the TSR are treated as violations 26 of rules passed under the Federal Trade Commission Act (15 U.S.C. § 57a). 27 28

1 469. Violations of rules passed under the FTC Act are unfair and deceptive within 2 the scope of 15 U.S.C. § 45, as set forth in 15 U.S.C. § 57a(d)(3). 3 470. Defendants' violations of the TSR constitute violations of FDUTPA. Defendants' conduct also violates FDUTPA because knowingly transmitting 4 471. 5 fraudulent robocalls to consumers in Florida is an unfair and deceptive trade practice. Defendants routinely transmit calls to consumers in Florida which 6 472. 7 misrepresent the identity of the caller and the nature of goods and services offered through 8 the calls. 9 473. Records of calls transmitted by the Defendants indicate that at least 10 1,184,200,778 calls were directed to phone numbers with area codes assigned to Florida 11 during the period relevant to this Complaint. 12 474. At least 387,321,375, or 32.7%, of these calls were directed to phone 13 numbers on the National DNC Registry. 14 475. The average duration of the calls Defendants routed to Florida are only 16.7 15 seconds, indicating that the vast majority of such calls were unwanted - likely because they 16 are fraudulent, pre-recorded or artificially voiced messages - and the recipient almost 17 immediately hung up the phone. 18 476. For example, one campaign of calls which harassed thousands of Florida 19 residents for at least 113 days stated: "Hi, this is Vanessa and I'm giving you a call from 20 the dealer service center. We recently noticed your car's extended warranty was going to 21 expire and wanted to give you one final courtesy call before your warranty expires and 22 your coverage is voided. This would make you financially responsible for all services 23 [unintelligible]. Press one now if you wish to extend or reinstate your car's warranty. Once 24 again press one now, or press two to be placed on the DNC, or call 833-304-1447."⁵⁸ 25 26 58 A recording this robocall available of is at: 27 https://media.youmail.com/mcs/glb/audio/s6diZGlyX3dsemRmYTp0b21jYXQ3NzgyOj 28 E2MTk3OTI2OTI1ODlmlnUiR4.gen.wav

| 1 | 477. Particularly when the caller's phone number has been spoofed, consumers |
|----|--|
| 2 | acting reasonably in the circumstances would be deceived to their detriment when |
| 3 | receiving many of the calls transmitted by Defendants. |
| 4 | 478. Furthermore, the call traffic Defendants transmit causes injury, or the risk of |
| 5 | injury, to consumers which is substantial, which consumers cannot reasonably avoid, and |
| 6 | which is without offsetting benefits to consumers or competition. |
| 7 | 479. Defendants' practices complained of herein are unfair or deceptive or both |
| 8 | and constitute violations of § 501.204, Florida Statutes; therefore, Defendants are liable for |
| 9 | injunctive, and other equitable, legal, or statutory relief. |
| 10 | 480. Defendants are also liable for civil penalties, as prescribed by §§ 501.2075 |
| 11 | and 501.2077, Florida Statutes, for each unfair act or practice they willfully engaged in, as |
| 12 | set forth above, found to be in violation of FDUTPA. |
| 13 | 481. Finally, Defendants are also liable for attorney's fees and costs pursuant to § |
| 14 | 501.2075, Florida Statutes. |
| 15 | |
| 16 | <u>COUNT VIII</u> |
| 17 | Violations of the Telephone Solicitation of Consumers Act (the "TSCA") |
| 18 | Indiana Code 24-4.7-4 |
| 19 | |
| 20 | 482. Plaintiff State of Indiana incorporates and realleges each of the paragraphs |
| 21 | preceding Count I as if fully set forth herein. |
| 22 | 483. Pursuant to Ind. Code § 24-4.7-3-1, the Office of the Attorney General |
| 23 | quarterly publishes a no telephone sales solicitation listing ("Indiana's Do Not Call list"). |
| 24 | Consumers place their telephone numbers on Indiana's Do Not Call list when they do not |
| 25 | want to receive telephone calls soliciting the sale of a consumer good or service, as defined |
| 26 | in Ind. Code § 24-4.7-2-3. The telephone calls described above were "telephone sales calls" |
| 27 | because they were made to solicit the sale of a consumer good or service or to obtain |
| 28 | |

information to be used to solicit the sale of a consumer good or service including, without 1 2 limitation, computer support packages.

3

By making or causing to be made telephone sales calls to consumers residing 484. in Indiana, the callers are "doing business in Indiana," as defined by Ind. Code § 24-4.7-2-4 5 5(a), regardless of where the telephone calls originate or where are located. By controlling, directly or indirectly, one or more persons who made or caused others to make telephone 6 calls to consumers located in Indiana, the persons are "doing business in Indiana," as 7 8 defined by Ind. Code § 24-4.7-2-5(b), regardless of where the persons are located.

9 485. By contacting or attempting to contact subscribers in Indiana by telephone, 10 the callers are "callers," as defined by Ind. Code § 24-4.7-2-1.7 and § 24-5-14-2. By "doing 11 business in Indiana," the callers are "telephone solicitors," as defined by Ind. Code § 24-12 4.7-2-10.

13 486. By regularly engaging in or soliciting consumer transactions, whether or not 14 the callers deal directly with consumers, the callers are "suppliers" as defined by Ind. Code § 24-4.7-2-7.7 and § 24-5-0.5-2. 15

16 487. Telephone sales calls were made to telephone numbers included on Indiana's 17 Do Not Call List at the time of the calls. By making or causing others to make telephone 18 sales calls to telephone numbers on Indiana's Do Not Call List at the time of the calls, the 19 callers committed many violations of the TSCA, Ind. Code § 24-4.7-4-1.

20 As telephone solicitors, suppliers, and callers, the callers may not transfer a 488. 21 live call to one or more persons if the call has been placed to a consumer in violation of the 22 TSCA, Ind. Code 24-4.7 or the Auto-Dialer Act, Ind. Code 24-5-14. Ind. Code § 24-4.7-4-23 7(c). Upon information and belief, the callers may have transferred live calls to people 24 where the calls had been placed in violation of the TSCA..

25 489. Avid Telecom, Lansky, and Reeves violated Ind. Code § 24-4.7-4-7(e) by 26 providing substantial assistance to a telephone solicitor, supplier, or caller.

- 27
- 28

| 1 | 490. Avid Telecom, Lansky, and Reeves knew or consciously avoided knowing |
|----|--|
| 2 | that the telephone solicitor, supplier, or caller was engaged in a practice that violated Ind. |
| 3 | Code 24-4.7-4. |
| 4 | 491. Avid Telecom's equipment or services were used for more than the |
| 5 | transportation, handling, or retransmitting of a call. |
| 6 | 492. Each telephone call made to telephone numbers on Indiana's Do Not Call list |
| 7 | is a violation of Ind. Code § 24-4.7-4-1 and constitutes a deceptive act, as defined by Ind. |
| 8 | Code § 24-4.7-5-1. |
| 9 | |
| 10 | <u>COUNT IX</u> |
| 11 | <u>Violations of the Maryland Telephone Consumer Protection Act (the "MTCPA")</u> |
| 12 | <u>Md. Code Ann., Com. Law § 14-3201, et seq.</u> |
| 13 | |
| 14 | 493. Plaintiff, Office of the Maryland Attorney General, incorporates and |
| 15 | realleges each of the paragraphs preceding Count I as if fully set forth herein. |
| 16 | 494. Pursuant to § 14-3201(1) of the MTCPA, no person may violate the |
| 17 | Telemarketing and Consumer Fraud and Abuse Prevention Act, 15 U.S.C. §§ 6101 through |
| 18 | 6108, as implemented by the Federal Trade Commission in the Telemarketing Sales Rule |
| 19 | (16 C.F.R. Part 310). |
| 20 | 495. Pursuant to § 14-3201(2) of the MTCPA, no person may violate the |
| 21 | Telephone Consumer Protection Act, 47 U.S.C. § 227, as implemented by the Federal |
| 22 | Communications Commission in the Restrictions on Telemarketing and Telephone |
| 23 | Solicitations Rule (47 C.F.R. Part 64, Subpart L). |
| 24 | 496. As set out in the preceding paragraphs, Defendants have provided substantial |
| 25 | assistance or support, through the provision of Avid Telecom's services, to one or more |
| 26 | sellers or telemarketers who Defendants knew or should have known were engaged in the |
| 27 | deceptive or abusive telemarketing acts or practices set out in Count I above. |
| 28 | |
| | |

497. As set out in the preceding paragraphs, Defendants originated and/or
transmitted calls from telephone solicitors who Defendants knew or consciously avoided
knowing were violating the Telephone Consumer Protection Act by (1) making telephone
solicitations to numbers on the National Do Not Call Registry; (2) using automatic dialing
and prerecorded messages; and (3) causing misleading information to be transmitted to
users of caller identification technologies or otherwise block or misrepresent the original
source of the call.

8 498. As alleged herein, Defendants also violated the TCPA by failing to take
9 affirmative measures to prevent new and renewing customers from using their network to
10 originate illegal calls, in violation of 47 CFR § 64.1200(n)(3).

499. As alleged herein, Defendants have devised and carried out the above-described business practices knowingly and deliberately.

13 500. Defendants failed to comply with the requirements of the Telemarketing
14 Sales Rule, as set out in Count I above, in violation of § 14-3201(1) of the MTCPA.

15 501. Defendants failed to comply with the requirements of the Telephone
16 Consumer Protection Act, as set out in Counts II and III above, in violation of § 14-3201(2)
17 of the MTCPA.

18 502. Proof of actual harm is not required in an action brought under the MTCPA19 by the Attorney General.

20 503. Defendants have originated, facilitated and/or transmitted millions of illegal
21 robocalls in Maryland and are liable for millions of dollars in damages.

22 504. Each prohibited telephone solicitation and each prohibited practice during a
23 telephone solicitation constitutes a separate violation. *See* MTCPA, § 14-3202(c),

505. A violation of the MTCPA is an unfair or deceptive trade practice and is
subject to the enforcement and penalty provisions contained in Md. Code Ann., Com. Law
§ 13-401 through § 13-411. *See* MTCPA, § 14-3202.

- 27
- 28

| 1 | 506. Pursuant to Md. Code Ann., Com. Law § 13-403(b(1)(i), the Attorney |
|----|---|
| 2 | General may require Defendants to take affirmative action to protect consumers, including |
| 3 | the restitution of money or property. |
| 4 | 507. Pursuant to Md. Code Ann., Com. Law § 13-406, the Attorney General may |
| 5 | seek an injunction to prohibit a person who has engaged or is engaging in a violation of |
| 6 | this title from continuing or engaging in the violation. |
| 7 | 508. Pursuant to Md. Code Ann., Com. Law § 13-409, the Attorney General is |
| 8 | entitled to recover the costs of this action. |
| 9 | 509. Pursuant to Md. Code Ann., Com. Law § 13-410, the Attorney General may |
| 10 | seek civil penalties of up to \$10,000 for each violation. |
| 11 | |
| 12 | <u>COUNT X</u> |
| 13 | Violations of the Nevada Telecommunication Solicitation Act |
| 14 | <u>Chapter 228.500 to 228.590</u> |
| 15 | |
| 16 | 510. Plaintiff State of Nevada incorporates and realleges each of the paragraphs |
| 17 | preceding Count I as if fully set forth herein. |
| 18 | 511. At all times relevant to this complaint, Defendants transmitted 159,576,512 |
| 19 | fraudulent robocalls to consumers in Nevada or to consumers with a Nevada based area |
| 20 | code. |
| 21 | 512. The Nevada Telecommunication Solicitation Act ("Act"), Nevada Revised |
| 22 | Statutes ("NRS") Chapter 228.500 to 228.590, also known as Nevada's Do Not Call Law, |
| 23 | prohibits telephone solicitors ("telemarketers") from making unsolicited telephone calls |
| 24 | for the sale of goods or services to a telephone number on Nevada's registry. |
| 25 | 513. Pursuant to NRS 228.620, a violation of Nevada's Do Not Call Law |
| 26 | constitutes a deceptive trade practice for the purposes of NRS 598.0903 to 598.0999, |
| 27 | inclusive, in violation of the Nevada Deceptive Trade Practices Act ("NDTPA"), NRS |
| 28 | chapter 598. |
| | |

| 1 | 514. Under the NDTPA, NRS chapter 598, and in Nevada's causes of action | |
|----|---|--|
| 2 | herein, the term "knowingly" means the person is aware that the facts exist that constitute | |
| 3 | the act or omission. | |
| 4 | 515. Defendants' conduct in transmitting calls, and attendant acts regarding those | |
| 5 | calls, violated provisions of the NDTPA, by violating Nevada's Do Not Call Law. | |
| 6 | | |
| 7 | <u>COUNT XI</u> | |
| 8 | Violations of the Nevada Law – Devices for Automatic Dialing and Announcing | |
| 9 | <u>Chapter 597 et seq.</u> | |
| 10 | | |
| 11 | 516. Plaintiff State of Nevada incorporates and realleges each of the paragraphs | |
| 12 | preceding Count I as if fully set forth herein. | |
| 13 | 517. Pursuant to NRS 597.814, a person is prohibited from using a device for | |
| 14 | automatic dialing and announcing to disseminate a prerecorded message in a telephone | |
| 15 | call. | |
| 16 | 518. Pursuant to NRS 597.814, a person is further prohibited from operating a | |
| 17 | device for automatic dialing and announcing to place a call-back or second call to the same | |
| 18 | telephone number if the person at the telephone number terminated the original call. | |
| 19 | 519. NRS 597.818 contains the penalties for violation of NRS 597.814, and in | |
| 20 | addition to those penalties, constitutes a deceptive trade practice for the purposes of NRS | |
| 21 | 598.0903 to 598.0999, inclusive, in violation of the NDTPA, NRS chapter 598. | |
| 22 | 520. Under the NDTPA, NRS chapter 598, and in Nevada's causes of action | |
| 23 | herein, the term "knowingly" means the person is aware that the facts exist that constitute | |
| 24 | the act or omission. | |
| 25 | 521. Defendants' conduct in transmitting calls, and attendant acts regarding those | |
| 26 | calls, violated provisions of the NDTPA, by violating the provisions of NRS 597.814 and | |
| 27 | 597.818. | |
| 28 | | |
| | | |

1 2

COUNT XII

Violations of the Nevada Deceptive Trade Practices Act, Chapter 598 et seq.

3 4

5

522. Plaintiff State of Nevada incorporates and realleges each of the paragraphs preceding Count I as if fully set forth herein.

Pursuant to NRS 598.0916, a person engages in a deceptive trade practice 523. 6 when, in the course of his or her business or occupation, he or she disseminates an 7 unsolicited prerecorded message to solicit a person to purchase goods or services by 8 telephone and he or she does not have a preexisting business relationship with the person 9 being called unless a recorded or unrecorded natural voice informs the person who answers 10 the telephone call of the nature of the call, and provides to the person who answers the 11 telephone call the name, address and telephone number of the business or organization, if 12 any, represented by the caller. 13

524. Defendants' conduct in transmitting calls, and attendant acts regarding those
calls, including, without limitation, disseminating unsolicited prerecorded messages to
solicit a person to purchase goods or services by telephone when Defendants did not have
a preexisting business relationship with the person being called and/or failed to provide the
person with statutory required information at the time the person answered the telephone,
violated provisions of the NDTPA, by violating NRS 598.0916.

525. Pursuant to NRS 598.0198(2), a person engages in a deceptive trade practice when, in the course of his or her business or occupation, he or she repeatedly or continuously conducts the solicitation or presentation in a manner that is considered by a reasonable person to be annoying, abusive, or harassing.

526. Defendants' conduct in transmitting calls, and attendant acts regarding those calls, including, without limitation, repeatedly or continuously conducting the solicitation or presentation in a manner that is considered by a reasonable person to be annoying, abusive, or harassing, violated provisions of the NDTPA, by violating NRS 598.0918(2).

527. 1 Pursuant to NRS 598.0923(1)(c), a person engages in a deceptive trade 2 practice when in the course of his or her business or occupation, he or she knowingly 3 violates a state or federal statute or regulation related to the sale or lease of goods or services. 4

5 528. Defendants' conduct in transmitting fraudulent robocalls to consumers in Nevada is in violation of provisions of federal law, including without limitation, the 6 7 Telemarketing Sales Rule, 16 C.F.R. Part 310 via 15 U.S.C. § 6103(a) and provisions of 8 federal law identified herein.

9 529. Defendants knowingly violated the laws set forth in the preceding paragraph 10 because Defendants knew or should have known that the robocalls were in violation of 11 those laws.

12 By transmitting 159,576,512 fraudulent robocalls to consumers in Nevada or 530. 13 to consumers with a Nevada based area code, Defendants knew or should have known that 14 they were violating federal law.

15 Defendants' conduct in transmitting fraudulent robocalls to consumers in 531. 16 Nevada is in violation of provisions of Nevada State law including, without limitation, the 17 Do Not Call Law, the NDTPA, and other related statutory provisions.

18 532. Defendants' conduct in transmitting calls, and attendant acts regarding those 19 calls, violated provisions of the NDTPA, and/or other statutory provisions as alleged 20 herein, by violating provisions of federal law, including without limitation, the 21 Telemarketing Sales Rule, 16 C.F.R. Part 310 via 15 U.S.C. § 6103(a), and/or provisions 22 of Nevada State law including, without limitation, the Do Not Call Law and the NDTPA.

23

533. Pursuant to NRS 598.0923(1)(e), a person engages in a deceptive trade 24 practice when in the course of his or her business or occupation, he or she knowingly uses 25 an unconscionable practice in a transaction.

26 534. Defendants took advantage of the lack of knowledge, ability, experience or 27 capacity of Nevada consumers to a grossly unfair degree by transmitting calls, and carrying

1 out attendant acts regarding those calls as alleged herein, thereby committing an 2 unconscionable practice in a transaction in violation of NRS 598.0923(1)(e). 3 535. Under the NDTPA, NRS chapter 598, and in Nevada's causes of action herein, the term "knowingly" means the person is aware that the facts exist that constitute 4 5 the act or omission. 536. Defendants' violations of the Nevada Do Not Call Law, and/or the NDTPA, 6 7 and/or other statutory provisions as alleged herein, are subject to injunctions and/or 8 restitution and/or civil penalties and/or damages and/or its costs and attorney's fees 9 pursuant to NRS 597.818, 598.0963, and 598.0999. 10 537. Defendants' violations of the NDTPA are further subject to additional 11 penalties for acts committed against consumers in Nevada over the age of 60 or disabled 12 consumers pursuant to NRS 598.0973. 13 **COUNT XIII** 14 Violations of New York General Business Law § 399-z 15 Pursuant to New York Executive Law § 63(12) 16 17 538. Plaintiff, the NYAG, incorporates and realleges each of the paragraphs 18 preceding Count I as if fully set forth herein. 19 539. NY Executive Law § 63(12) authorizes the NYAG to obtain an injunction 20 and other equitable relief whenever any person or entity engages in "repeated fraudulent 21 or illegal acts or ... persistent fraud or illegality in the carrying on, conducting or 22 transaction of business." 23 540. At all relevant times, Defendants have engaged in the carrying on, 24 conducting or transaction of business in New York within the meaning of Executive Law 25 § 63(12). 26 541. Defendants have engaged in repeated and persistent illegality by facilitating 27 illegal calls in violation of GBL § 399-z, specifically: 28

| 1 | 542. GBL section 399-z(5), which states that "[n]o telemarketer or seller may |
|---|--|
| 2 | make or cause to be made any unsolicited telemarketing sales call to any customer when |
| 3 | that customer's telephone number has been on the national 'do-not-call' registry, |
| 4 | established by the federal trade commission, for a period of thirty-one days prior to the date |
| 5 | the call is made, pursuant to 16 C.F.R. Section 310.4(b)(1)(iii)(B)." |
| | |

6 543. GBL section 399-z(6), which bars telemarketers and sellers from "initiat[ing]
7 any telemarketing sales call by means of a technology that delivers a pre-recorded message,
8 unless the telemarketer or seller has obtained from the customer" prior express written
9 consent.

544. As set out in the preceding paragraphs, Defendants have repeatedly
facilitated unsolicited telemarketing sales calls to customers whose telephone numbers
were on the national do-not-call registry, and had been for at least 31 days prior to the call
being made.

14 545. As set out in the preceding paragraphs, Defendants have repeatedly provided
15 facilitated the initiation of telemarketing sales calls by means of a technology that delivered
16 pre-recorded messages, without the customers' prior express written consent.

17 546. Defendants have therefore engaged in repeated illegal conduct in violation
18 of Executive Law § 63(12).

19

20

21

22

27

28

COUNT XIV

Violations of New York General Business Law § 399-p

547. Plaintiff, the NYAG, incorporates and realleges each of the paragraphs
 preceding Count I as if fully set forth herein.

548. GBL § 399-p(8) authorizes the NYAG to seek injunctive relief and penalties
whenever there is a violation of GBL § 399-p.

1 549. GBL § 399-p(4) prohibits "operat[ing] an automatic dialing-announcing 2 device which uses a random or sequential number generator to produce a number to be 3 called." 4 550. As set out in the preceding paragraphs, Defendants have facilitated sellers or 5 telemarketers who were operating automatic dialing-announcing devices which used 6 random or sequential number generators to produce numbers to be called. 7 COUNT XV 8 **Violations of the North Carolina Telephone Solicitations Act** 9 N.C. Gen. Stat. §§ 75-100 to 75-105 10 11 551. Plaintiff State of North Carolina incorporates and realleges each of the 12 paragraphs preceding Count I as if fully set forth herein. 13 The North Carolina Telephone Solicitations Act was enacted to increase 552. 14 protections for telephone subscribers who wish to stop unwanted telephone solicitations. 15 S.L. 2003-411, 2003 N.C. Sess. Laws 1190, 1190–91. Such protections include restrictions 16 regarding: telephone solicitations to telephone subscribers' numbers on the "Do Not Call" 17 Registry, see N.C. Gen. Stat. § 75-102(a), (d); unsolicited robocalls, see N.C. Gen. Stat. 18 § 75-104; and compliance with the requirements of the FTC's Telemarketing Sales Rule, 19 see N.C. Gen. Stat. § 75-102(e). 20 553. With respect to telephone solicitations to telephone subscribers' numbers on 21 the "Do Not Call" Registry, N.C. Gen. Stat. § 75-102(a) provides that, subject to some 22 exceptions, no telephone solicitor, as the term is defined in N.C. Gen. Stat. § 75-101(10) 23 and 16 C.F.R. § 310.2(ff), shall make a telephone solicitation to a North Carolina telephone 24 subscriber's telephone number if the subscriber's telephone number appears in the latest 25 edition of the National DNC Registry. 26 554. With respect to unsolicited robocalls, N.C. Gen. Stat. § 75-104 provides that, 27 subject to some exceptions, no person may use an automatic dialing and recorded message 28

1 player—defined in relevant part in N.C. Gen. Stat. § 75-101(2) as any automatic equipment 2 that incorporates a storage capability of telephone numbers to be called that, working alone 3 or in conjunction with other equipment, disseminates a prerecorded message to the telephone number called—to make an unsolicited telephone call. One of those exceptions 4 5 allows a person to make such calls if prior to the playing of the recorded message a live operator, among other things, states the nature and length in minutes of the recorded 6 7 message, and asks for and receives prior approval to play the recorded message from the 8 person receiving the call.

9 555. With respect to compliance with the requirements of the FTC's
10 Telemarketing Sales Rule, N.C. Gen. Stat. § 75-102(e) provides that no telephone solicitor
11 shall violate any requirement of section 310.3 of the Telemarketing Sales Rule (Deceptive
12 telemarketing acts or practices), section 310.4 of the Telemarketing Sales Rule (Abusive
13 telemarketing acts or practices), and section 310.5 of the Telemarketing Sales Rule (Record
14 keeping requirements), 16 C.F.R. §§ 310.3 through 310.5.

15 556. Defendants Avid Telecom, Lansky, and Reeves made, initiated, and/or
16 transmitted calls from telephone solicitors who Defendants knew or consciously avoided
17 knowing were violating the North Carolina Telephone Solicitations Act by:

18a.making telephone solicitations in violation of N.C. Gen. Stat. § 75-19102(a) to the telephone numbers of North Carolina telephone20subscribers when those numbers were in the pertinent edition of the21National DNC Registry;

22

23

24

25

26

27

28

b. using automatic dialing and recorded message players defined in N.C.
Gen. Stat. § 75-101(2) in violation of N.C. Gen. Stat. § 75-104 to make unsolicited telephone calls to North Carolina telephone subscribers without, among other things, first having live operators inform the telephone subscribers of the nature and length of the recorded message and asking for and obtaining permission to play the message from the person receiving the call, and otherwise not

| 1 2 3 4 5 6 7 | complying with any of the exceptions set forth in N.C. Gen. Stat. § 75-104; and c. failing to comply with the requirements of the Telemarketing Sales Rule, as set out in the TSR Counts above, in violation of N.C. Gen. Stat. § 75-102(e). 557. Defendants willfully engaged in the actions and practices described above. |
| 8 | COUNT XVI |
| 9 | Violations of North Carolina's Unfair or Deceptive Trade Practices Act |
| 10 | <u>N.C. Gen. Stat. §§ 75-1.1, et seq.</u> |
| 11 | |
| 12 13 | 558. Plaintiff State of North Carolina incorporates and realleges each of the |
| 13 14 | paragraphs preceding Count I as if fully set forth herein. |
| 15 | 559. N.C. Gen. Stat. § 75-1.1 prohibits "unfair or deceptive acts or practices in or |
| 16 | affecting commerce." |
| 17 | 560. Under N.C. Gen. Stat. § 75-1.1, a practice or act is deceptive if it has the |
| 18 | capacity or tendency to deceive; proof of actual deception is not required. |
| 19 | 561. Acts or practices are unfair under N.C. Gen. Stat. § 75-1.1 when they offend |
| 20 | established public policy, as well as when the practice is immoral, unethical, oppressive, unscrupulous, or substantially injurious to consumers. |
| 21 | 562. Proof of actual harm is not required in an action brought under N.C. Gen. |
| 22 | Stat. § 75-1.1 by the North Carolina Attorney General. |
| 23 | 563. Defendants' acts or practices enumerated in the foregoing paragraphs have |
| 24 | been in or affecting commerce. |
| 25 | 564. As alleged herein, the calls that Defendants made, initiated, and/or |
| 26 | transmitted across the U.S. telephone network possessed the tendency or capacity to |
| 27 | mislead or created the likelihood of deception. |
| 28 | |
| | |

1 565. Defendants' acts or practices enumerated in the foregoing paragraphs are 2 offensive to established North Carolina public policy, as well as immoral, unethical, 3 oppressive, unscrupulous, and substantially injurious to North Carolina consumers across the State. 4

5

As alleged herein, Defendants have devised and carried out the above 566. described business practices knowingly and deliberately. 6

7 As set out in preceding paragraphs, in numerous instances, Defendants have 567. 8 provided substantial assistance or support, through the provision of Avid Telecom's 9 services, to one or more sellers or telemarketers who Defendants knew or should have 10 known were engaged in the deceptive or abusive telemarketing acts or practices set out in 11 the TSR Counts above.

12 568. Defendants' acts or practices enumerated in the paragraphs above were 13 deceptive telemarketing acts or practices in violation of the TSR. 16 C.F.R. § 310.3(b).

14 569. Pursuant to Section 3(c) of the Telemarketing Act, 15 U.S.C. § 6102(c), and Section 18(d)(3) of the FTC Act, 15 U.S.C. § 57a(d)(3), a violation of the TSR constitutes 15 16 an unfair or deceptive act or practice in or affecting commerce, in violation of Section 5(a) 17 of the FTC Act, 15 U.S.C. § 45(a).

18 570. Defendants' acts or practices that are unfair or deceptive trade practices 19 under the TSR are also deceptive or misleading and constitute unfair or deceptive trade 20 practices prohibited by N.C. Gen. Stat. § 75-1.1 and are violations of North Carolina's 21 Unfair or Deceptive Trade Practices Act.

- 22 571. Plaintiff alleges that the acts, practices, representations and omissions of 23 Defendants described herein violate the prohibition against unfair or deceptive business 24 practices found in Section 75-1.1 of the North Carolina General Statutes.

COUNT XVII

<u>North Dakota – Violations of the Unlawful Sales or Advertising Practices law</u> <u>N.D.C.C. ch. 51-15 – Facilitating and Assisting</u>

5 572. Plaintiff State of North Dakota incorporates and realleges each of the
6 paragraphs preceding Count I as if fully set forth herein.

573. With respect to telephone solicitations to telephone subscribers' numbers on
the "Do Not Call" Registry, the North Dakota Telephone Solicitations Act, N.D.C.C. § 5128-06, provides that "[a] caller may not make or cause to be made any telephone solicitation
to the telephone line of any subscriber in this state who, for at least thirty-one days before
the date the call is made, has been on the ... national do-not-call registry...."

574. With respect to unsolicited robocalls using prerecorded messages, North Dakota Telephone Solicitations Act, N.D.C.C. § 51-28-02, provides that "[a] caller may not use or connect to a telephone line an automatic dialing-announcing device or deliver a prerecorded or synthesized voice message to a subscriber unless the subscriber has knowingly requested, consented to, permitted, or authorized receipt of the message or the message is immediately preceded by a live operator who obtains the subscriber's consent before the message is delivered."

19 575. Pursuant to N.D.C.C. § 51-28-17, a violation of N.D.C.C. ch. 51-28
20 constitutes a violation of North Dakota's Unlawful Sales or Advertising Practices law,
21 N.D.C.C. ch. 51-15.

576. N.D.C.C. § 51-15-02, prohibits the "act, use, or employment by any person
of any deceptive act or practice, fraud, false pretense, false promise, or misrepresentation,
with the intent that others rely thereon in connection with the sale or advertisement of any
merchandise," regardless of whether a person has been misled, damaged, or deceived by
the deceptive conduct.

27 577. Pursuant to N.D.C.C. § 51-15-02.3 it is a deceptive act or practice "for any
28 person to provide assistance or support to any person engaged in any act or practice in

violation of ... [N.D.C.C. ch. 51-15] when the person providing assistance or support
 knows or consciously avoids knowing that the other person is engaged in an act or practice
 in violation of ... [N.D.C.C. ch. 51-15]."

578. Defendants Avid Telecom, Lansky, and Reeves engaged in violations of
N.D.C.C. § 51-15-02.3 by providing assistance or support, through the provision of
merchandise or services, to one or more callers who Defendants knew or consciously
avoided knowing were engaged in violations of the North Dakota Telephone Solicitations
Act, N.D.C.C. chapter 51-28, and Unlawful Sales or Advertising Practices law, N.D.C.C.
chapter 51-15.

10 579. Defendants Avid Telecom, Lansky, and Reeves engaged in violations of
11 N.D.C.C. § 51-15-02.3 by originating and/or transmitting calls from one or more callers
12 who Defendants knew or consciously avoided knowing were engaged in violations of the
13 North Dakota Telephone Solicitations Act, N.D.C.C. chapter 51-28, and Unlawful Sales or
14 Advertising Practices law, N.D.C.C. chapter 51-15.

15 580. Defendants assisted or supported unlawful robocalls to North Dakota
16 subscribers, which robocalls violated N.D.C.C. chs. 51-28 and 51-15 by:

17

18

19

20

21

22

23

24

25

26

27

- a. making telephone solicitations to the telephone line of any subscriber
 in the state of North Dakota who, for at least thirty-one days before
 the date the call is made, has been on the national do-not-call registry;
 - b. making misrepresentations regarding merchandise offered with the intent that others rely on the misrepresentations made;
 - making misrepresentations regarding the seller or caller's affiliation
 with corporations or government entities; and
 - d. using or connecting an automatic dialing-announcing device or delivering a prerecorded or synthetic voice message to make unsolicited calls to subscribers in the state of North Dakota without first having live operators obtain the subscriber's consent before the

message is delivered, and otherwise not complying with any of the exceptions set forth in N.D.C.C. § 51-28-02.

581. Under N.D.C.C. § 51-28-19, each telephone solicitation or message constitutes a separate violation and, pursuant to N.D.C.C. §§ 51-28-13 and 51-28-17, North Dakota is entitled to relief under N.D.C.C. § 51-15-02.3 for each violation of N.D.C.C. §§ 51-15-02, 51-28-02, or 51-28-06 that Defendants assisted or supported.

COUNT XVIII

<u>North Dakota – Violations of the Unlawful Sales or Advertising Practices law</u> <u>N.D.C.C. ch. 51-15 – Deceptive or Unconscionable practices</u>

13 582. Plaintiff State of North Dakota incorporates and realleges each of the
14 paragraphs preceding Count I as if fully set forth herein.

15 583. N.D.C.C. § 51-15-02, prohibits the "act, use, or employment by any person
of any deceptive act or practice, fraud, false pretense, false promise, or misrepresentation,
with the intent that others rely thereon in connection with the sale or advertisement of any
merchandise," regardless of whether a person has been misled, damaged, or deceived by
the deceptive conduct.

584. N.D.C.C. § 51-15-02 prohibits the "act, use, or employment by any person
of any act or practice, in connection with the sale or advertisement of any merchandise,
which is unconscionable or which causes or is likely to cause substantial injury to a person
which is not reasonably avoidable by the injured person and not outweighed by
countervailing benefits to consumers or to competition."

585. Defendants Avid Telecom, Lansky, and Reeves originated, routed, or
transmitted illegal robocalls across the U.S. telephone network to millions of telephone
subscribers.

28

2

3

4

5

6

7

8

9

10

11

1 586. Defendants Avid Telecom, Lansky, and Reeves provided support and 2 services to Avid Telecom's customers engaged in unlawful conduct, including retail or 3 wholesale voice termination, dialing software, including a predictive dialer, help with DID 4 rotation, DID assignment, call leads, and expertise, or directly participated in Avid 5 Telecom's customers' unlawful acts or practices.

6

21

22

23

24

25

26

27

28

587. Defendants Avid Telecom, Lansky, and Reeves assisted and facilitated Avid 7 Telecom's customers' attempts to circumvent legal and regulatory protections for 8 consumers.

9 588. Defendants' conduct, as described herein, offends public policy, as embodied 10 in federal and state law, and is immoral, unethical, oppressive, unscrupulous, or 11 substantially injurious to consumers.

12 589. The robocall traffic Defendants transmit and support causes injury, or is likely to cause substantial injury, to persons, which injury is not reasonably avoidable by 13 14 the injured person and not outweighed by countervailing benefits to consumers or to competition. 15

16 590. Defendants Avid Telecom, Lansky, and Reeves' acts or practices, as 17 described herein, are deceptive, unconscionable, or causes or is likely to cause substantial 18 injury to a person which is not reasonably avoidable by the injured person and not 19 outweighed by countervailing benefits to consumers or to competition, in violation of 20 North Dakota's Unlawful Sales or Advertising Practices law, N.D.C.C., § 51-15-02.

COUNT XIX

Rhode Island – Violations of the Telephone Sales Solicitation Act R I Gen. Laws § 5-61-1, *et seq.*

591. Plaintiff State of Rhode Island incorporates and realleges each of the paragraphs preceding Count I as if fully set forth herein.

592. The Rhode Island Telephone Sales Solicitation Act ("TSSA"), § 5-61-1, *et seq.*, regulates telephone solicitations and prohibits the use of prerecorded or synthesized
 messages in almost every instance.

593. The Rhode Island Office of the Attorney General has the authority to institute
legal proceedings to prevent and restrain violations of the TSSA and the statute allows
courts to grant injunctive relief sufficient to prevent and restrain violations of the TSSA.
R.I. Gen Law § 5-61-5.1. Any person, firm, or corporation who violates the TSSA is also
liable for a civil penalty up to \$10,000 for each violation. *Id.* at 5.1(g).

9 594. Prior to doing business in Rhode Island, every telephonic seller must register
10 with the Attorney General and file a surety bond, irrevocable letter of credit, or certificate
11 of deposit (collectively, a "security") worth at least \$30,000.

- 12 595. Additionally, telephonic sellers shall not use prerecorded or synthesized
 13 voice messages to make calls into or within the state (except for messages from school
 14 districts or from employers advising their employees of work schedules). R.I. Gen. Laws
 15 § 5-61-3.4.
- 16 596. Lastly, no salesperson or telephonic seller shall make, or cause to be made,
 17 any unsolicited telephonic sales calls unless the salesperson or telephonic seller has
 18 instituted procedures for maintaining a list of persons who do not wish to receive telephonic
 19 sales calls, in compliance with federal law. R.I. Gen. Laws § 5-61-3.5.

20 597. Avid Telekom, Lansky, and Reeves repeatedly facilitated and caused
21 violations of the TSSA in support of their telephonic seller customers when they, among
22 other things:

23

24

25

26

27

- Routed telephone solicitations from unregistered telephonic sellers to
 Rhode Islanders;
 - b. Routed telephone solicitations with pre-recorded messages to Rhode Islanders;
- c. Provided telephonic seller customers with Rhode Islanders' telephone numbers who were then targeted for pre-recorded calls;

Similarly, as described above, Defendants directly participated in these misleading,
 deceptive, and/or confusing acts and practices by supporting and servicing Avid Telecom's
 customers by, for example, providing them with DIDs, providing them with Rhode
 Islanders to target, and assisting them as they attempt to circumvent legal and regulatory
 protections for consumers.

6 605. Defendants' acts or practices enumerated above were likewise a violation of
7 public policy, embodied in federal and state law and regulation including the TSR, 16
8 C.F.R. § 310.3(b). These practices are also immoral, unethical, oppressive, unscrupulous,
9 and substantially injurious to Rhode Island consumers.

10 606. Plaintiff alleges that the acts, practices, representations, and omissions of
11 Defendants described herein, pursuant to R.I. Gen. Laws § 6-13.1-2 and § 6-13.1-5, violate
12 the prohibition against unfair or deceptive trade practices found in RI DTPA.

COUNT XXI

Violation of the Washington State Consumer Protection Act, RCW 19.86.020

607. Plaintiff State of Washington incorporates and realleges each of the paragraphs preceding Count I as if fully set forth herein.

608. Pursuant to the Consumer Protection Act (CPA), RCW 19.86.020, "[u]nfair
or deceptive acts or practices in the conduct of any trade or commerce are hereby declared
unlawful."

609. At all relevant times while directing calls to Washington State that included
alleged offers to sell goods or services, Defendants engaged in "trade" or "commerce"
within the meaning of the Consumer Protection Act, RCW 19.86.010(2).

610. As alleged herein, the calls that Defendants originated and/or transmitted
across the U.S. telephone network possessed the tendency or capacity to mislead or created
the likelihood of deception.

28

13

14

15

16

17

611. Pursuant to Section 3(c) of the Telemarketing Act, 15 U.S.C. § 6102(c), and
 Section 18(d)(3) of the FTC Act, 15 U.S.C. § 57a(d)(3), a violation of the TSR constitutes
 an unfair or deceptive act or practice in or affecting commerce, in violation of Section 5(a)
 of the FTC Act, 15 U.S.C. § 45(a).

5 6

7

612. Defendants' acts or practices that are unfair or deceptive under the TSR and FTC Act are also unfair or deceptive practices prohibited by RCW 19.86.020 and are violations of Washington CPA.

613. As set out in preceding paragraphs, in numerous instances, Defendants have
provided substantial assistance or support, through the provision of Avid Telecom's
services, to one or more sellers or telemarketers who Defendants knew or should have
known were engaged in the deceptive or abusive telemarketing acts or practices set out in
in the TSR Counts above.

614. As alleged herein, Defendants directed, controlled, had the authority to
control, with knowledge approved of, and participated in the business practices described
herein.

16 615. Defendants' unfair practices have impacted the public interest and is likely
17 to continue without relief from this Court.

18 616. Based on the above unfair acts and practices, Plaintiff State of Washington
19 is entitled to relief under the CPA including injunctive relief and restitution pursuant to
20 RCW 19.86.080, civil penalties pursuant to RCW 19.86.140 for each and every violation
21 of RCW 19.86.020, and reimbursement of the costs of this action, including reasonable
22 attorneys' fees, pursuant to RCW 19.86.080.

COUNT XXII 1 2 Knowingly Assisting Violations of Telephone Solicitations Rules 3 Wis. Admin. Code § ATCP 127.20 4 617. Plaintiff State of Wisconsin incorporates and realleges each of the paragraphs 5 preceding Count I as if fully set forth herein. 6 Many of the robocalls that were transited through Avid Telecom's network 618. 7 were "telephone solicitations" under Wis. Admin. Code § ATCP 127.02(3) and were 8 created and initiated by "sellers" within the scope of Wis. Admin. Code § ATCP 9 127.01(21). 10 619. Pursuant to Wis. Admin. Code § ATCP 127.20, no person may knowingly 11 assist any seller to engage in any activity or practice in violation of Subchapter II -12 Telephone Solicitations, Wis. Admin. Code § ATCP ch.127 ("Subchapter II"). 13 Defendants violated Wis. Admin. Code § ATCP 127.20 by knowingly 620. 14 assisting, through its VoIP provider services, sellers who Defendants knew were engaged 15 in activities or practices which violated Subchapter II. 16 621. Defendants knowingly assisted sellers who made telephone solicitations that 17 violated Wis. Admin. Code § ATCP 127.04 when the sellers failed to disclose in a 18 telephone solicitation: 19 a. the name of the principal seller, Wis. Admin. Code § ATCP 20 127.04(1)(a); and/or 21 b. the nature of the goods or services which the seller was offering or 22 promoting. Wis. Admin. Code § ATCP 127.04(1)(d). 23 24 622. Defendants knowingly assisted sellers who made telephone solicitations that 25 violated Wis. Admin. Code § ATCP 127.14 when, in the course of a telephone transaction, 26 the seller directly or impliedly: 27 28

23

24

25

26

27

28

Defendants knowingly facilitated persons who violated Wis. Admin. Code § 628. 5 ATCP 127.82(2) when the persons made telephone solicitations, either directly or through an employee or agent, to covered telephone customers whose telephone numbers then 6 7 appeared on the state do-not-call registry.

8 629. Defendants knowingly facilitated persons who violated Wis. Admin. Code § 9 ATCP 127.83(2)(b) when the persons used electronically prerecorded messages in 10 telephone calls for the purpose of encouraging a covered or noncovered telephone customer 11 to purchase property, goods, or services, without first obtaining a written agreement that 12 contains the telephone number and signature of the customer to be called, where the 13 agreement discloses in writing that the customer is not required to sign the agreement as a 14 condition of making a purchase and, by signing the agreement, the customer authorizes 15 telemarketing calls from that person, and where the provisions of Wis. Admin. Code §§ 16 ATCP 127.80(10)(a) or (b) do not apply.

17 630. Defendants violated Wis. Admin. Code § ATCP 127.83(2)(d) each time a person, knowingly facilitated by Defendants, violated Wis. Admin. Code § ATCP 18 19 127.82(2) and/or 127.83(2)(b).

The remainder of this page is intentionally left blank.

| 1 | PRAYER FOR RELIEF |
|----|---|
| 2 | WHEREFORE, Plaintiffs request that this Honorable Court: |
| 3 | 1. Enter judgment in favor of Plaintiffs and against Defendants for the |
| 4 | violations as alleged herein pursuant to federal and state laws; |
| 5 | 2. Enter a permanent injunction pursuant to federal and state laws to prevent |
| 6 | Defendants from making, initiating, and/or transmitting illegal robocalls to consumers in |
| 7 | the United States; |
| 8 | 3. Temporarily and permanently enjoin Defendants from transmitting calls |
| 9 | which violate the TSR as described herein; |
| 10 | 4. Award damages, restitution or other compensation on behalf of residents of |
| 11 | the respective Plaintiffs' respective jurisdictions for telephone calls transmitted by |
| 12 | Defendants which violate the TSR as described herein; |
| 13 | 5. Award civil penalties, attorney's fees, and costs against Defendants as |
| 14 | authorized by law; |
| 15 | 6. Award Plaintiffs damages of not more than \$1,500 per violation of 47 C.F.R. |
| 16 | § 64.1200(n)(3); |
| 17 | 7. Award Plaintiffs damages of not more than \$1,500 per violation of 47 U.S.C. |
| 18 | § 227(b)(1)(A)(iii); |
| 19 | 8. Award Plaintiffs damages of not more than \$1,500 per violation of 47 U.S.C. |
| 20 | § 227(b)(1)(B); |
| 21 | 9. Award Plaintiffs damages of not more than \$1,500 per violation of 47 C.F.R. |
| 22 | § 64.1200(c)(2); |
| 23 | 10. Award Plaintiffs civil penalties not to exceed \$10,000 for each violation of |
| 24 | 47 U.S.C. § 227(e)(1), or 3 times that amount for each day of a continuing violation; |
| 25 | 11. Grant such other legal or equitable relief as this Honorable Court deems just |
| 26 | and proper, including, but not limited to, a forfeiture of the right to conduct business. |
| 27 | 12. With respect to the state law claims set forth by the following Plaintiffs: |
| 28 | People of the State of California; Office of the Attorney General, State of Florida, |

Department of Legal Affairs; State of Indiana; Office of the Maryland Attorney General;
 State of Nevada; People of the State of New York, by Letitia James, Attorney General of
 the State of New York; State of North Carolina; State of North Dakota, *ex rel*. Drew H.
 Wrigley, Attorney General; State of Rhode Island; State of Washington; and State of
 Wisconsin:

- a. Enter judgment against the Defendants and in favor of each of the Plaintiff States and/or Offices of Attorney General, for each violation alleged in this Complaint, or which may be shown through discovery and proven at trial in this matter;
 - Find, adjudge, and/or decree that Defendants have engaged in and/or are engaging in trade or commerce within the meaning of the applicable laws generally set forth in paragraph 9 of this Complaint;
- c. Find, adjudge, and/or decree that Defendants have violated applicable state law, as generally set forth in paragraph 9 of this Complaint, by engaging in the unlawful acts or practices alleged herein;
- d. Consistent with subparagraph (c) above, preliminarily and permanently enjoin the Defendants from engaging in the unfair, unconscionable, or deceptive acts or practices alleged herein and made unlawful by each State's law as generally set forth in paragraph 9 above, including, but not limited to, transmitting calls to consumers or persons that violate the TCPA, TSR, the applicable state laws generally set forth in paragraph 9 of this Complaint, and/or are otherwise unfair, unconscionable, or deceptive;

e. In accordance with each State's law, where applicable, as generally set forth in paragraph 9 of this Complaint and/or as established by each State's common law, order Defendants to pay full restitution to affected consumers or persons who have been harmed by Defendants'

violations of those applicable laws generally set forth in paragraph 9 of this Complaint⁵⁹;

f. In accordance with each State's law, as generally set forth in paragraph 9 of this Complaint and/or as established by each State's common law, order Defendants to disgorge and pay to Plaintiff States and/or Offices of Attorney General, all monies obtained through the violation of the applicable laws alleged herein, and generally set forth in paragraph 9 of this Complaint⁶⁰;

g. In accordance with each State's law, as generally set forth in paragraph 9 of this Complaint and/or as established by each State's common law, order Defendants to pay Plaintiff States and/or Offices of Attorney General reasonable attorneys' fees and costs incurred in connection with the investigation and litigation of this matter⁶¹;

h. Grant any other relief that may be appropriate under 15 U.S.C. § 6103(a); and

- i. Grant such other legal or equitable relief as this Honorable Court deems just and proper.

| | Case 4:23-c | v-00233-EJM Document 1 Filed 05/23/23 Page 125 of 141 |
|-------------|---------------|---|
| 1 2 3 | 13. | For the Plaintiff the People of the State of California: a. Access civil penalties of \$2,500 against each Defendant for each violation of California Business and Professions Code section 17200, |
| 4 5 | | under the authority of California Business and Professions Code section 17206; and |
| 6 | | b. Assess additional civil penalties of \$2,500 against each Defendant for |
| 7 | | each violation of Business and Professions Code section 17200 |
| 8 | | perpetrated against a senior citizen or disabled person, under the |
| 9 | | authority of Business and Professions Code section 17206.1. |
| 10 | 14. | For the Plaintiff Office of the Attorney General, State of Florida, Department |
| 11 | of Legal Affa | airs: |
| 12 | | a. Award civil penalties of not more than \$10,000 per willful violation |
| 13 | | of §501.204, Florida Statutes, and reasonable attorney's fees and costs |
| 14 | | as permitted by §501.2075, Florida Statutes; and |
| 15 | | b. Award civil penalties of not more than \$15,000 for each willful |
| 16 | | violation of Chapter 501, Part II, Florida Statutes which victimizes or |
| 17 | | attempts to victimize a senior citizen or a person who has a disability |
| 18 | | as permitted by §501.2077, Florida Statutes. |
| 19 | 15. | For the Plaintiff State of Indiana: |
| 20 | | a. Order the Defendants to pay civil penalties up to \$10,000 for the first |
| 21 | | violation, and up to \$25,000 for each violation after the first violation |
| 22 | | of Ind. Code § 24-4.7-4. Ind. Code § 24-4.7-5-2(a)(2). |
| 23 | | b. For purposes of Ind. Code § 24-4.7-5-2(a)(2), each telephone call in |
| 24 | | violation of Ind. Code § 24-4.7-4 is a separate violation. |
| 25 | 16. | For the Plaintiff the Maryland Office of the Attorney General: |
| 26 | | a. Enter an order pursuant to Md. Code Ann., Com. Law §§ 13-410 and |
| 27 | | 14-3202 requiring Defendants to pay Plaintiff, Maryland Office of the |
| 28 | | |
| | | |

| Attorney General, civil penalties of \$10,000 for each violation in this | |
|--|--|
| matter. | |

17. For the Plaintiff State of Nevada:
a. Pursuant to the Nevada Rules of Civil Procedure (NRCP) 8, order Defendants to pay damages in excess of \$15,000;
b. Pursuant to NRS 598.0999(2), order Defendants to pay civil penalties in the amount of \$5,000 for each and every violation of the Nevada Deceptive Trade Practices Act as alleged herein;

- c. Pursuant to NRS 597.818, order Defendants to pay civil penalties in the amount of \$10,000 for each and every violation of NRS 597.814, and pursuant to NRS 598.0999(2), pay civil penalties in the amount of \$5,000 for each and every violation of NRS 597.814.; and
- Pursuant to NRS 598.0973, order Defendants to pay civil penalties in the amount of \$12,500 for each violation committed against an elderly person or a person with a disability.

16 18. For the Plaintiff People of the State of New York, by Letitia James, Attorney
17 General of the State of New York:

a. Direct Defendants to pay a civil penalty of \$2,000 to the State of New York for each violation of GBL § 399-p(4), pursuant to GBL § 399-p(8);

 b. Direct Defendants to pay a civil penalty of \$11,000 to the State of New York for each violation of GBL § 399-z, pursuant to GBL § 399z(14)(a); and,

c. Award Plaintiff, the State of New York, costs plus an additional allowance of \$2,000.

- 19. For the Plaintiff State of North Carolina:
 - a. Enter an order imposing civil penalties pursuant to N.C. Gen. Stat. §
 75-105(a)(1) for violations of N.C. Gen. Stat. §§ 75-102 and/or 75-

| 1 | | 104, in the amounts of five hundred dollars (\$500) for each |
|----|---|--|
| 2 | Defendant's first violation, one thousand dollars (\$1,000) for a | |
| 3 | Defendant's second violation, and five thousand dollars (\$5,000) for | |
| 4 | | each Defendant's third and subsequent violations occurring within |
| 5 | | two years of its first violation; |
| 6 | | b. Enter an order pursuant to N.C. Gen. Stat. § 75-105(d) finding |
| 7 | | Defendants willfully engaged in violations of N.C. Gen. Stat. §§ 75- |
| 8 | | 102 and/or 75-104 and awarding the State of North Carolina |
| 9 | | reasonable attorneys' fees; and |
| 10 | | c. Enter an order imposing civil penalties of up to \$5,000.00 for each of |
| 11 | | Defendants' acts or practices that were knowingly violative of North |
| 12 | | Carolina's Unfair or Deceptive Trade Practices Act, pursuant to N.C. |
| 13 | | Gen. Stat. § 75-15.2. |
| 14 | 20. | For the Plaintiff State of North Dakota, ex rel. Drew H. Wrigley, Attorney |
| 15 | General | |
| 16 | | a. Order Defendants to pay civil penalties of up to \$5,000.00 for each |
| 17 | | violation of N.D.C.C. ch. 51-15, pursuant to N.D.C.C. § 51-15-11. |
| 18 | 21. | For the Plaintiff State of Rhode Island: |
| 19 | | a. Order Defendants to pay civil penalties of up to \$10,000.00 per |
| 20 | | violation of the RI Deceptive Trade Practices Act, RI Gen Laws § 6- |
| 21 | | 13.1-1 <i>et seq</i> . |
| 22 | 22. | For the Plaintiff State of Washington: |
| 23 | | a. That the Court assess civil penalties, pursuant to RCW 19.86.140, |
| 24 | | against Defendants for each violation of RCW 19.86.020 caused by |
| 25 | | the conduct complained of herein. |
| 26 | 23. | For the Plaintiff State of Wisconsin: |
| 27 | | a. Pursuant to Wis. Stat. § 100.26(6), impose civil forfeitures against |
| 28 | | Defendants of not less than \$100 nor more than \$10,000, plus related |
| | | |
| | | 127 |
